## Dusty Gales Snarl Again

STORM PLAGUES PANHANDLE FOR SECOND STRAIGHT DAY

Blowing dust plagued Nebraska Panhandle residents for the second straight day Friday.

But the weatherman held forth the hope the high winds and dust would give way to cooler weather Saturday.

The Scottsbluff area was hit hardest. Winds at 48 miles an hour, with gusts up to 69, reduced visibility to 1/16 of a mile.

Bill Bullock, Scotts Bluff county agent, said he did not know how much damage was done by the day-long storm since he couldn't see to drive out into the country.

He said he believed it was both local and outside dust which was blowing.

Sidney weather observer and rural carrier David E. Ellis said crop damage is not extensive "but would be if this keeps up."

He said some wheatlands, where

## Twisters Rip Eastern U.S.; Eight Killed

By The Associated Press

The season's biggest crop of tornadoes and thunderstorms ripped across the eastern third of the nation Friday, killing at least eight persons, injuring a score and causing property damage in the millions.

The twisters highlighted a violent outbreak of March weather over large areas of the country.

Thunderstorms doused the sodden Ohio River Valley basin hard on the heels of the river's worst flood in seven years. However, the U.S. Weather Bureau at Pittsburgh saw no new flood threat resulting.

Winds up to 70 miles an hour sent the winter's worst dust storms boiling over the southern and central Great Plains. Half of Colorado's three million acres of winter wheat was ripped out.

### Twisters Triggered

A cool front, expanding eastward into moist and almost summerlike warmth, triggered the chain of tornadoes and thunderstorms.

Hardest hit was a 45-mile area extending from Connorsville north-eastward to Union City in Indiana. Leetonia in Columbia County and Steubenville in Jefferson County in Ohio and the southwestern Pennsylvania area around Pittsburgh.

Winds up to 92 miles an hour buffeted much of the area.

The storm struck east central Indiana, swept on into Ohio and then tore into Pennsylvania. Buffeting winds were felt in New York's Steuben County.

Wind-driven rain pelted parts of western Maryland and West Virginia. A mild squall line passed out to sea from New Jersey late Friday.

Miss Pauline Muscull Dugas, 59, was crushed to death at Rankin, Pa. She was pinned under a large sign board wrenched loose by the winds.

## Prep, Bearcats Meet In AA Final

...SCOTTSBLUFF MEASURES TECH

By DON BRYANT

Sports Editor, The Star

Friday was the day of upsets as finalists in Classes AA, A, and D of the 45th annual state basketball tournament were settled.

★ ★ ★

Her Team

Tasted Victory...

Jill Schaffer, 3 1/2-year-old daughter of Mr. and Mrs. Jack Schaffer of Scottsbluff, helped cheer her team to victory over favored Omaha Tech Friday afternoon, 53-47. (Star Photo.)

It was the top class that stole the show, as Lincoln High—undefeated in 17 straight games and the pre-tourney favorite—fell before the fast and aggressive Creighton Prep Bluejays, 47-42, Friday night in the jam-packed Nebraska Coliseum.

See sports section for detailed stories on all the games.

Earlier, in another shocker, scrappy Scottsbluff knocked off favored Omaha Tech, 53-47. Prep and the Bearcats will meet at 8:35 p.m. Saturday night for the 1955 AA crown.

Class A finals will find Omaha Holy Name favored over Ogallala in a 11:35 a.m. tussle. The Ramblers set a tourney scoring record by blasting Valentine, 87-39, Friday, while Ogallala scooped past a crippled York club, 60-44.

Opening Saturday's action will be Classes B and C, slated to get underway at 10 a.m. In B, Minden will meet Chappell, and Chadron Prep will go against Clarkson in C.

The Class D title will be settled at 11:35 when Dwight Assumption, 50-47 winners over Brady, battles Western, which romped past a hustling Nebraska Deaf squad, 63-30.

Edison and Holstein tangle for the Class E bunting at 7 p.m. Edison won a berth in the finals by nipping Hickman, 54-52, while Holstein shellacked Concord, 51-31, Friday night.

## ... BUT CANDY IS SWEET EVEN IN DEFEAT

On the other hand, Vicki Pratt, 6-year-old Hickman cheerleader, has some cotton candy to take away the bitter taste of defeat. Her team lost to Edison, 54-52. Vicki is the daughter of Mr. and Mrs. Gene Pratt. (Star Photo.)

## MOM BADLY HURT SAVING INFANT AS CAREENING CAR HITS PORCH

GRAND ISLAND, Neb. (P)—Two cars collided at a Grand Island intersection Friday evening and one went careening toward a nearby house.

On the porch sat Mrs. Mary Buhrman watching her 6-month-old daughter, Mary Patricia, who sat in a baby "bouncer."

Seeing the car heading toward her, Mrs. Buhrman snatched up her child as the car hit, destroying the bouncer.

The baby was apparently unhurt but the car pinned Mrs. Buhrman to the wall. Three hours later the

mother was still in surgery at a Grand Island hospital.

Drivers of the two cars were Samuel M. Rank and Frank A. Smollen, both of Grand Island.

## Body Found

LOUISVILLE, Ky. (P)—The body of an unidentified young woman was found floating in a creek in a "lover's lane" area.

Police found tracks on the bank indicating the attractive victim, apparently in her early 20s, had been dragged to the stream.

## Bank In Iowa Held Up

... Released From State Pen Less Than 48 Hours Before

Less than 48 hours after finishing an 11-year stretch in the Nebraska Penitentiary a man identified as Eugene William Buff, 35, was apprehended by Iowa State Police in connection with a \$25,000 bank holdup Friday afternoon.

The Associated Press reported that two Iowa highway patrolmen and Sheriff Rex Rouse of Winterset stopped the man four miles west of Highway 69 and a mile south of the Iowa line in northern Harrison County, Mo.

Lt. J. W. Duffek, in charge of night operations at the Penitentiary in Lincoln, said that Buff was released from the prison Thursday morning.

He had just finished serving 11 years of a 15-year sentence for armed robbery. He was sentenced from Red Willow County in Sept., 1945, when he was just 24 years old.

Iowa officers said they will take Buff to the county jail in Bethany, Mo., where they planned to take him into court Saturday.

The sheriff's office at Bethany reported the man was arrested after he had taken a car at the Virgil Blake farm northwest of Eagleville, Mo. The man was stopped as he was driving from the driveway.

Sheriff Melvin Smith of Bethany

## He Carried Shotgun In One Hand

AFTON, Ia. (P)—A lone gunman held up the Commercial State Bank just before closing time Friday and fled with an estimated \$25,000 in bills ranging in value from \$1 to \$100.

R. M. Crandall, cashier, and his three assistants, were just getting ready to close business for the day when Crandall looked up and saw "this fellow behind the counter with us. He was carrying a shotgun in one hand a gunny sack in the other."

"He had the gun pointed at us," said Crandall.

"I emptied both cash drawers into his gunny sack. Then he asked us to get the money out of the vault," continued the cashier.

"I want the rest of the money," the gunman commanded.

"He had the gun about two inches from me at the time," said Crandall. "So I gave him the rest of it."

"Then the fellow asked: 'Is that all of it?'"

"Yes," Crandall said he answered.

"If it isn't you'll get hurt," the gunman cried, as he looked into the vault, according to Crandall.

After Crandall had given the robber the money from the vault—the bulk of the total from the safe in the vault, the bandit asked:

"If I lock you all in there, will you suffocate?"

"I told him 'no,'" Crandall said.

So Crandall and the three women employees—Mrs. Dorothy Brown, assistant cashier, and two bookkeepers, Mrs. Violet Means and Mrs. Doris McGrath, were locked in the vault.

The four let themselves out of the vault as soon as they could and called police. None was hurt in any way.

Afton is a town of 1,000, in Union County about eight miles from Creston, on Highway 34.

## Wagener For Mayor?

Former County Attorney Frederick H. Wagener became a likely candidate for mayor when he stated he would not turn down petitions now being circulated in his behalf if they are filed.

Conducted relative to the circulation of petitions to place his name on the ballot, Wagener stated, "I have just this minute learned of it. I thought that I had stated my position when I commented to the press recently in regard to a reported rumor that I would run, 'it is just a rumor. Right now, I am busy practicing law.'"

"Mayor (Clark) Jeary has done an outstanding job and made such

tremendous accomplishments that I personally feel that he should be drafted to serve again. His success will make it difficult for whoever follows him.

### Wouldn't Run Against Jeary

"Under no conditions would I have permitted my name to go on the ballot as a candidate had Mayor Jeary consented to seek re-election. However, Lincoln has been good to me and I would consider it a high honor to be mayor.

"If petitions are circulated and

filed for my candidacy, I would not be so unappreciative as to turn them down."

Wagener, 55, received his law degree from Washington University in St. Louis, Mo. He was admitted to the Nebraska Bar in 1925 when he was chief attorney for the Veterans Administration for St. Louis, Omaha and Lincoln. From 1933 to 1936 he was trial attorney for the U.S. Department of Justice in Lincoln and was then Lincoln city prosecutor until 1942.

Wagener

## Albert Fuller Gets Life For Slaying Crusader

BIRMINGHAM, Ala. (AP)—Husky Albert Fuller, former chief deputy sheriff at Phenix City, was sentenced to life imprisonment Friday on a first degree murder conviction for the slaying of A. L. Patterson, sworn enemy of racketeers.

The 12 jurors, who for the past 26 days had listened to millions of words of testimony in the longest jury trial in Alabama history, returned their verdict at 2:36 p.m., 22 hours and 11 minutes after they received the case.

Fuller's \$12,500 bond, under which he had been free since shortly after his indictment last Dec. 9, was immediately revoked. He was taken into custody by Jefferson (Birmingham) County Chief Deputy Sheriff Wilton Hogan.

Chief Defense Attorney Roderick Beddoe announced that the verdict will be appealed to the State Supreme Court and a motion will be filed for a new trial within a week or 10 days.

Patterson was murdered at

Phenix City last June 18, only 17 days after winning the Democratic nomination for attorney general. The prosecution charged that his pledge to smash Phenix City's multi-million dollar rackets empire inspired the killing.

In actual deliberation counting time out for sleep and meals, the jury had spent only 7 1/2 hours in conference before reaching a decision.

The 35-year-old Fuller, wearing a tan lightweight suit, remained calm as the verdict was read by Leon Ritter, an aircraft plant employee and foreman of the jury.

Just before the verdict was read Fuller turned his head and winked at a reporter behind him.

His face froze into an impassive mask as he heard the jury report.

# Demos, GOP Clash In Economic Report

## Criticism Of Eisenhower Is Softened

WASHINGTON (AP)—Republicans forced major changes Friday in a Democratic-sponsored report sharply criticizing President Eisenhower's economic policies. The original report asserted the nation is "not out of the woods" of recession.

As the climax of a week of behind-the-scenes battling, a majority of the Senate-House Economic Committee agreed on a toned-down report eliminating most criticisms of the President, as well as some pessimistic forecasts.

Mindful of Eisenhower's 1954 attacks on what he called "prophecies of gloom and doom" among the Democrats, committee Republicans planned to submit as a supplement their own more optimistic views on the economic outlook. Democrats indicated they would incorporate in another separate statement criticisms of Eisenhower policies deleted from the bipartisan report.

### "Not Out of Woods"

These latter included the assertion, in a draft prepared by Chairman Douglas (D-Ill.), that "there has been improvement (in the economy) but we are not out of the woods." This version added that Eisenhower's economic report to Congress "did not make this clear."

The two-party report, to be made public officially this weekend, still asserts what has become something of a Democratic theme—that there was an "economic recession" last year and "it is not enough just to maintain present levels of employment and production."

Sizing up the economy, the majority report says, among other things:

1. "Every possible economic support" should be given military and technological developments.

2. "The economy has been improving since late 1954. Employment and production have advanced about one-half the ground lost and unemployment has receded about one-third. There is, however, unevenness in this advance. . . . The decline in total net farm income is expected to continue, but more slowly."

### Congress Must Be Ready

3. "The elements of uncertainty in the economic outlook and the size of adjustments which must be made . . . dictate the wisdom of seeking the strengthening of our basic economic programs. . . . Congress must be prepared and willing to move quickly to adapt programs in the interest of economic expansion."

4. "The majority support further adjustment in the tax structure at this time which, without sacrificing revenue, will increase consumer purchasing power. The minority . . . feel it is premature to make adjustments now. . . ."

5. "We support the President's recommendation for an increase in the federal debt limit."

6. "The committee recognizes . . . unfavorable trends in farm income which offer a serious threat to the economy as a whole. We are doubtful, however, whether any program which seeks to bring about a balance by a policy of contraction of acreage can, in the long run, be successful. Our greatest hope for solution lies rather in expanding consumption at home and abroad."

7. "We are for increasing public works—federal, state and local—to meet the needs of a growing population, expanding economy and national security. . . . Financing should be direct from the treasury, rather than from indirect authorities which circumvent the public debt limit or are nurtured by special earmarked revenues."

8. "It is imperative that an office of co-ordinator of public works planning . . . be put in operation as soon as possible."

9. "We believe that action is required now" to aid distressed industries and regions "and that much can be done through public works."

These general statements contained some indirect criticism of Eisenhower policies, such as the administration plan to finance a highway program outside the debt limit. But the criticism was not nearly so sharp as Douglas' original draft.

"The Douglas version, expected to be telescoped into supplemental Democratic views, complained that Eisenhower's economic report to Congress was 'less accurate than the statistics in reporting the unevenness of the rise, the numerous soft spots in the economy and the danger signs.'"

Cycling Youth Collides With Car

Twelve-year-old Charles Rohen of 1927 J is gently lifted onto the ambulance cot after suffering a fractured left leg in a bicycle-car collision at 19th and J. He was reported in satisfactory condition

at Lincoln General Hospital. Rohen, police said, was cycling east on J when he collided with a car, going west and making a left turn, that was driven by E. M. Lahr, 59, of 714 So. 19th, a grocerman. (Star Staff Photo.)

## Judge Gives Four Inmates 5 Years For Escape Try

The four Nebraska Penitentiary inmates, who attempted a Jan. 19 break from the prison, have been sentenced by Lancaster District Judge Paul White to additional five year terms.

Orin W. Schultz, 32; Paul Howard Flath, 22; Gilbert Sager, 24, and Raymond L. Tappia, had each pleaded guilty to an attempted escape charge, changing earlier pleas of not guilty.

The inmates were recaptured in the prison parking lot after they had locked three guards and seven inmates in a vegetable cooler and escaped through a window.

The five-year escape sentences were pronounced to run consecutive to present sentences of the four inmates:

Schultz, from Walnut, Neb., serving an eighteen-month sentence given November, 1953, from Hall County.

Flath, from Sacramento, Calif., serving a 10-year sentence given December, 1953, from Douglas County.

Sager, from San Luis Obispo, Calif., serving a one-to-three-burglary sentence given October, 1954 from Cheyenne County, and another 18-month sentence for carrying from the Reformatory before being transferred to the Penitentiary.

Tappia, from Denver, serving a seven-year robbery sentence given April, 1952 from Douglas County.

All except Tappia, had previous escapes or attempts in their records.

## Chiang To Intercept Finnish Tanker And Red Jet Fuel

TAIPEI, Formosa, (Saturday) (AP)—It was regarded as a certainty on Formosa today that the Finnish tanker Aruba, carrying 13,000 tons of jet fuel to Red China, would be intercepted once the vessel gets within range of Chiang Kai-shek's navy or air force.

The Nationalists would justify such interception on grounds that Nationalist China was carrying out a U.N. embargo on shipment of strategic goods to Red China.

Reports that specific orders have been given out for interception of the Aruba were dismissed as speculative by responsible quarters in Taipei. These sources said the interception would be part of routine duties and therefore would require no special orders.

There was no doubt that extra vigilance would be exercised once word comes that the Aruba has passed Singapore.

The tanker then would have a choice of trying to sneak into the Pearl River leading to Canton or making a circuitous trip through the Java Sea, Makassar Strait, the Celebes Sea, then out into the Pacific, heading most probably for Shanghai.

From various sources, the Nationalists could keep informed of the tanker's movements and, come what may, would try to prevent the vessel from delivering its cargo.

It is estimated that the 13,000 tons of jet fuel reportedly carried by the Arub would enable Red MIGs to fly 5,200 missions.

## Ress-Highway Board Relations Aired

The state engineer's relationship to the State Highway Commission and the possibility of an appropriation for the commission were aired at a Legislative hearing Friday.

However, the Public Works Committee took no action on LB 387, changing the status of the state engineer from commission secretary to that of an ex-officio member.

An attempt to eliminate Ress as an ex-officio member received four votes in executive session. However, Chairman William Moulton of Omaha ruled that five votes are necessary to add an amendment.

Three Against

Three senators opposed the amendment and one abstained. Two of the nine committee members were absent.

The possibility of an appropriation for the commission, an advisory body was suggested at the meeting by Speaker Dwight Burney of Hartington, one of the Legislature's strongest supporters of the commission.

Burney suggested that the committee amend the bill so that funds for research would be provided the commission. The advisory body is now dependent upon Highway Department personnel for information.

"If the commission is to do any good in advising, they must be a little more independent of the department," Burney testified.

He indicated he would offer the amendment on the floor of the Unicameral if the committee does not add it.

Burney advocated LB 387, providing the commission with the power to hire its own secretary to replace Ress, as a step in the direction of separating it more clearly from the Highway Department.

Sen. Ken. Peterson of Sargent, introducer of the bill, and Highway Department Attorney Harold Salter said the stage engineer cannot adequately bear the additional duties of commission secretary.

Salter read a letter from Ress, attending a meeting in Chicago Friday, supporting the measure.

"It would be unbelievable to me that the state engineer actually performs the duties of secretary," commented Sen. Don Thompson of McCook, a member of the committee.

Salter replied that he actually does.

Paul Halpine, of Nebraska Motor Carriers Association, support-

## Trucker Attorneys' Bill Views Differ

Opposing views were given by attorneys for trucking concerns Friday as the Legislature's Public Works Committee considered a bill changing current State Railway Commission statutes.

LB 217 would permit the controlling stock of a trucking firm to change hands without the approval of the railway commission.

The measure was stalled in committee after a motion to kill received only three votes. Five votes would be needed, and only seven of the nine members were present.

Einar Viren, Omaha attorney and a onetime railway commission member, contended that the existing laws in effect create non-negotiable stock. Burwell Attorney W. F. Manisel said he doubted the constitutionality of the existing requirements.

## Several Bills Moved Ahead

No bills were up for final passage at Friday's session of the Legislature but several were advanced from general file.

Moved ahead without debate was LB 182, setting up lay advisory boards to be appointed by the governor to serve each of the Norfolk, Hastings and Lincoln Mental Hospitals, and the Beatrice Home for Feeble Minded. The bill had been recommended by former Gov. Robert Crosby's Committee on Mental Health.

Other bills advanced from general file, thus clearing the first major debate hurdle on the floor, included:

LB 257, Metzger, Defining July 27, 1953, as cut-off date in reference to Korean War.

LB 286, Perry, Terdik, Providing effect of a certificate of indebtedness issued by an industrial loan and investment company issued in the name of two or more persons, payable to either.

LB 420, Hubka, Bedford, Permitting investments by building and loan associations in additional securities.

LB 502, Foote, Permitting cities to issue bonds for storm or sanitary sewers.

LB 512, Moulton, Diers, Authorizing governor to appoint a superintendent of buildings and grounds and adjoint regulations for parking adjacent to the capitol.

## Court Appoints 3 Defense Attorneys

Three Lincoln attorneys, including ex-Gov. Robert Crosby, have been appointed to represent three defendants in Federal District Court.

The three are charged with violating the Dyer Act, and requested the court to appoint counsel prior to their arraignment.

Crosby was appointed as counsel for Richard McLain Tate, 47; Atty. T. R. P. Stocker to represent Harry Allen Thomas, and Atty. Bernard F. Heelan to represent Edward Gordon Troy.

Thomas and Troy are held in connection with the alleged transportation of a stolen auto from Denver, Colo., to Big Springs on March 3.

Tate is allegedly involved in transportation of a stolen vehicle on Jan. 3 from Jackson, Miss., to Lexington.

## Wood Sees Big Risk In Wall Street

### Ex-Chairman Of Sears Testifies

WASHINGTON (AP)—Gen. Robert E. Wood, who manages the big profit-sharing pension fund of Sears, Roebuck & Co. said Friday "I don't want to risk my employees' money" in the stock market at its present level.

Wood told the Senate Banking Committee the fund now has 90 million dollars in cash but its directors are "at wit's end" wondering where to invest it.

Chairman Fulbright (D-Ark) asked Wood why, if he doesn't think the stock market is too high, he didn't invest the money in stocks.

"I'm uncertain," Wood replied. The ruddy, white-haired Wood, fingering an unlighted cigarette as he testified, insisted, however, that he didn't know whether the market is too high.

He also replied "I don't know" when Fulbright asked whether there is too much speculative activity in the market.

Pension Fund Head

Wood, who was chairman of the board of Sears for years, is now retired from that post but is still a director and chairman of the pension fund.

Another witness, Benjamin Graham, New York financier-professor, said he considers the stock market "to be on the high side and getting into a dangerous situation." He said he was inclined to favor "a fairly rapid advance" toward putting margin requirements at 100 per cent to halt credit purchases of stocks.

Graham is chairman of the Graham-Newman Corp., an investment company. He is also a part-time teacher—"evaluation of common stocks"—at Columbia University.

### Critical Telegrams

Fulbright said he received 15 or 20 telegrams after the sharp break in the market earlier this week bitterly complaining that the inquiry was "rocking the boat."

Graham, in reply to a question by Fulbright, said General Motors Corp. "probably" could cut prices of its cars enough to put its competitors out of business and still make a reasonable profit.

The same question had been put to some previous witnesses, but Graham was the first to express an opinion.

Fulbright several times has commented on General Motors' profit of \$9 a share last year, and wondered what would happen to its competitors of the No. 1 auto maker cut its prices and its profits.

Graham said there is "a great deal of competition" in the automobile industry. He said, General Motors, by carrying competition to the ultimate, might get more of the business, but earn less money in the process.

Fulbright said it would be "a great disaster" if General Motors put its competitors out of business and told Graham he was merely trying to find out whether there is "old-fashioned competition" in the industry.

## Dr. White Planning Holy Land Tour

Dr. C. Vin White, pastor of First Presbyterian Church, will leave Thursday, April 14, for a visit to the Holy Land.

Dr. White's tour will include a visit to Rome on the 16th where he will make contact with the Protestant Church.

The following week he plans to spend a few days visiting ancient cultural and archeological wonders of Egypt.

He will arrive in Jerusalem on April 27 to spend a full week in the Holy Land.

Dr. White says he will spend his time "walking where Jesus walked and seeking to recapture some of the more intimate conversations and occurrences between Him and His disciples."

Before returning to Lincoln, he will visit Athens, Paris and London. Dr. White plans to return to his pulpit on Sunday, May 15.

## Thomas Thomsen Dies At Age Of 67

Thomas C. Thomsen, 67, died Friday night at a local hospital.

A native of Copenhagen, Denmark, he had been living at the Soldiers and Sailors Home in Grand Island.

Surviving is a sister in Denmark.

## Nebraska Attempts To Gain Industry Told Lawmakers

WASHINGTON (AP)—Nebraska members of Congress and other Nebraskans in top government assignments were told Friday night of the state's efforts to attract industry.

At a dinner sponsored by the Omaha Chamber of Commerce and the Omaha Industrial Foundation, speakers outlined their campaign to bring new industries not only to Omaha but the whole state.

They told the guests they wanted them to be their "eyes and ears in Washington."

Omaha's Value

Frank P. Fogarty, president of the Omaha chamber, stressed Omaha's value as a central location, the fresh water available in the state, the fertility of the soil and the absence of state income and sales taxes.

He particularly praised the successful efforts of Columbus, Neb., in bringing in new industries in recent years.

Al Sorensen, president-elect of

the Omaha Chamber, spoke as did John F. Merriman, president, Northern Natural Gas Co.; Edwin N. Van Horne, president, Omaha Industrial Foundation; Sens. Hruska and Curtis, Nebraska Republicans, Civil Defense Director Val Peterson and Under-Secretary of the Interior Clarence Davis.

Van Horne said Nebraska has more miles of chartered rivers and more underground water than any other state. Davis said this probably was one of Nebraska's main assets.

### Demos Scoff

WASHINGTON (AP)—Senate Democrats scoffed at the idea that President Eisenhower's proposed superhighways could evacuate cities in an atomic attack.

Sen. McNamara (D-Mich) said a network of high-speed interstate roads wouldn't be "worth a darn" for that purpose. He said they'd soon become jammed.

Scientist Studying Salk Tests Says Polio Immunization Prospects 'Bright'

... First Official News Disclosed

ANN ARBOR, Mich. (INS)—A leading U. S. expert on epidemics said Friday that prospects for preventing infantile paralysis by active immunization have become "very bright."

The significant statement came from Dr. Thomas Francis Jr. He heads the University of Michigan team that has been evaluating the effectiveness of the Salk polio vaccine tests on hundreds of thousands of American children last year.

Dr. Francis' study of the Salk vaccine as a possible polio preventive has been going on for months under conditions of the greatest secrecy and the official results are not yet known. The University of Michigan scientist said he "hopes" his final report will be ready next month.

On Dr. Francis' report will depend whether the National Foundation for Infantile Paralysis, in cooperation with health authorities, will go ahead with plans for the mass inoculation of some nine million children this year.

**First Light**  
Dr. Francis' statement on the "bright" outlook for eventual prevention of the dread crippling disease provided the first official light on the possible results of the top-secret study.

He also revealed that in the 1954 nationwide testing of the Salk vaccine on almost half a million youngsters, few "reactions" to injections occurred. "About as many," he said, came from the "placebos" or harmless salt solutions that were injected into nearly half of the 440,000 children inoculated last year as from the vaccine.

Reactions from injections of one kind or another are not unusual. Many persons react from injections with soreness, slight swellings or minor rashes. Dr. Francis indicated that in the case of the polio vaccine tests, such reactions presented a very minor problem.

(In New York, the National Foundation for Infantile Paralysis, under whose auspices last year's tests were carried out, and which is sponsoring Dr. Francis' independent study, expressed "interest" in his disclosures but declined comment.)

(A spokesman for the foundation pointed out that Dr. Francis' assignment was to provide a "totally independent evaluation," and that

therefore only he was qualified to make any comment. Further, the foundation said, it would have to await receipt of the Michigan scientist's official report before any "competent" statement could be made. Dr. Jonas E. Salk, discoverer of the vaccine, also has dissociated himself entirely from any comment on the evaluation.)

Dr. Francis' statements on the evaluation program were made during a talk before the Michigan Clinical Institute and in a subsequent interview with International News Service.

He said one of the biggest headaches in making the evaluation of the vaccine has been collecting the necessary data from around the country. He said school officials "went fishing" and left records locked up, and that some doctors were slow in sending in their reports, while other delays were caused by differences of opinion as to what information was needed.

"Some of the data," Dr. Francis said, "didn't arrive until two weeks ago."

He now hopes, however, that the evaluation results will be ready next month.

Distinguished AF Students Listed

Twenty-one University of Nebraska seniors were named by Col. Joseph Stenglein, chairman of the Air Science Dept., as Distinguished Military Students in the university's wing of the Air Force Reserve Officers Training Corps.

Colonel Stenglein said qualifications for selection included: scholastic standing in the upper one-third of the Air Science class while a junior; accumulative academic average in the upper one-third of all university students; and outstanding leadership abilities.

The Distinguished Military students are:

- James W. Bailey, Lincoln.
- James D. Lowell, Lincoln.
- Richard H. Wells, Lincoln.
- Brook W. Dutton, Genoa.
- Raymond B. Hrub, Ceresco.
- Raymond E. Kelley, Oberlin.
- Homer B. Kenison, Flandreau.
- S.D. Coe, Jr., Kearney.
- Gerald T. Kraneau, Bladen.
- Gary R. Koberstein, Lewellen.
- Jane M. Mathiesen, Grand Island.
- Martin L. Nielsen, Western.
- Dale L. Nitzel, Archer.
- Richard E. Olson, Atwell.
- Arthur P. Raun, Minden.
- Kenneth W. Philbrick, Junction City.
- William D. Russell, Ogallala.
- Daryl L. Wood, Big Springs.
- Jack Stuphi, Hay Springs.
- Donald L. Summers, Hershey.
- Donovan L. Hudson, Firth.

Beware! Sunday Is Coming

Will you be killed Sunday? Statistics show that last year more fatal accidents occurred on Sunday in the state than on any other day of the week. There were 49 on Sunday compared with 44 on Saturday and even fewer on weekdays. The State ac-

cident Records Bureau showed that 232 of the 272 fatal accidents took place on dry road surfaces. As far as hours go, from 4 to 5 p.m. was the most common for fatal accidents. From 5 to 6 p.m. was the costliest for the total of accidents. (Star Photo.)

**Wadiow's Mortuary**—Adv.

**School Window Broken**—School District 109 has reported to the Sheriff's office that a window and outside light on the schoolhouse, located on the Arbor Road a half-mile east of 27th, have been broken. Two outbuildings were also uprooted, apparently by vandals, it was reported.

**Midwest Roofing** for all types of Roofs and Siding. 5-2510.—Adv.

**Admits Probation Violation**—Dona L. Mahoney, 21, of 6426 Lexington, pleaded guilty in Lancaster District Court to an information for the revocation of probation. Mrs. Mahoney had been placed on two year's probation Aug. 22, 1953, after pleading guilty to uttering a \$22 no-account check. In her plea, the defendant admitted violating her probation by issuing a \$20 no-account check last Jan. 31 to

Handy System Stores on a Waverly bank. Judge Paul White ordered a pre-sentence investigation by the adult probation officer.

Ways way — the right way. Ways Furnace Co.—Adv.

**Lobbyists File Reports**—Merrill J. Hewitt reported disbursements of \$15.34 during February as a lobbyist for the Practical Nurses Assn., the secretary of state's office announced. Reports filed by Bernard S. Gradwohl, Lincoln Firefighters Assn., and Kenneth H. Elson, lobbyist for the city of Grand Island, indicated no February spending.

As little as 40c puts a result getting Ad in the Sunday papers, selling the things you want to turn into cash. Phone 2-3331 or 2-1234 before 3 p.m. Saturday for an Ad Writer.—Adv.

**Given Year's Sentence**—Clarence A. Walin, 39, of 2100 Vine has been sentenced in Lancaster District Court to one year in the State Penitentiary on a fraudulent check charge. Walin had pleaded guilty to uttering a \$5 no-account check to Gold and Co., Dec. 29. The court was informed that the defendant had about \$150 worth of bad checks outstanding. Judge Paul White pronounced sentence, noting the defendant's record "while good at times" did not indicate probation in this case.

A 7 time Journal and Star Want Ad is always most effective and costs less in the long run. Place your ad for 7 days, then when you get results, cancel it and pay only for the number of days that it runs. It is easy and inexpensive too. 10 words 7 days only 52. Phone 2-3331 or 2-1234 for a trained, courteous "Ad-Writer."

Italy Puts Final Approval On German Arming Plan

ROME (AP)—The Italian Senate put a decisive 139-82 okay Friday night on the Paris agreements to rearm the West Germans and make them partners in the Western European Union.

The Senate vote completed Italian parliamentary action on the accords. It made Italy the eighth of the 15 nations involved to complete such action. Italy's lower house, the Chamber of Deputies, approved the treaties Dec. 23 by 335-215.

In addition to providing for German troops as part of the Western line-up against the threat of Red aggression, the accords provide for restoration of West German sovereignty and for admission of West Germany into the North Atlantic Treaty Organization.

**Disorders**  
The vote came after two weeks of Senate debate that saw fist fights break out on the floor of the chamber. There also were noisy disorders on the streets of Rome.

The Communists have bitterly opposed Western union and fought ratification of the accords here to the end. Police and Communist demonstrators clashed briefly outside the Senate while the vote was being taken.

Nations now having completed parliamentary action on the Paris accords are Britain, Canada, Greece, Iceland, Norway, Portugal, Turkey and Italy. Approval has been voted in the lower houses of Parliament in Belgium, France and West Germany. No action has been taken in Denmark, Luxembourg, the Netherlands and the United States.

Funeral Saturday For David Bowen

Funeral services for David Bowen, 85, of 331 No. 32nd who died Thursday will be at 2 p.m. Saturday at Helmsdoerfers, the Rev. Harold Sandall officiating.

A native of Wales, Mr. Bowen came to the U. S. in 1880 and settled at Weston, Neb. He had lived in Lincoln for the past six years.

He was a member of the Methodist Church.

Surviving are his brother, Ben M. of Lincoln and several nieces and nephews.

Burial will be in Lincoln Memorial Park.

Mrs. Hester Mead Dies At Age Of 91

Mrs. Hester Purviance Mead, 91, died at her home Friday morning. She lived at 4736 Knox.

Born at Morris town, Ill., Mrs. Mead lived at Geneva, Neb., before moving to Lincoln in 1906.

She was a member of the First Methodist Church and the Women's Society of Christian Service.

Surviving are her husband, Herman F.; sister-in-law, Mrs. Edith Purviance of Los Angeles and cousins, Mildred P. and Victor P., both of Fullerton, Calif.

Mrs. Grace Fristoe Rites Held In Colorado

Word has been received in Lincoln of the death of Mrs. Grace Fristoe of Colorado Springs, formerly of Lincoln, who died on Monday, March 7. Funeral services were held on Wednesday in Colorado Springs.

Mrs. Fristoe is survived by her sister, Mrs. C. W. Lamb of Lincoln, and a grandson, William Fristoe, a student at Denver university.

Do FALSE TEETH Rock, Slide or Slip?

FASTTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, gooey, pasty taste or feeling. FAST-TEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTTEETH at any drug counter.

Wilber Man Files \$3,269 Bankruptcy

In voluntary bankruptcy filed in Federal District Court here, William Henry Rahe of Wilber, machine operator, lists liabilities amounting to \$3,269 and assets of \$138.70, of which \$543.70 is claimed exempt.

Listed liabilities include \$1,800 as secured claims, \$561 as unsecured, \$8 tax, and \$900 as accommodation paper.

Unsecured claims of \$100 or more include Dr. G. W. Meisenback, Plymouth, \$100; Nickels

## The Eccles Philosophy

Apostles of the onward and upward and faster national economy have prescribed vitamins for the nation's current symptoms of a slowdown. But it remained for a conservative Marriner Eccles, chairman of the board of governors of the Federal Reserve, to advocate a little rest and solid food.

Eccles told Congress that stock purchasing margins should be upped from 60 to 75 per cent, that the home-building boom should be toned down and that the \$20-per-person income tax reduction is a mighty fine idea.

Speculators will not like the idea of upped margins, but there is some wholesome realism in Eccles' observation that true investors all ways expect to pay 100 per cent of the price of stock and anything short of that falls some-

where below the point of investment.

And while his general observations may be classed as deflationary, they are offset by his suggestion of a general individual tax reduction. Personal savings from such a step will naturally divert into channels of trade from the bottom up and will swell the national gross in a more desirable manner.

It may be true that other forms of stimulating the national gross such as higher minimum wage and easier stock trading margins will bring equal and more subtle increases in federal tax revenue, but it does not follow that devices for federal revenue are panaceas for the general national economy. The nation indeed would be better off with bonafide federal thrift and a little more free money in the individual's pocket.

## Wrinkled Brow

"What has made state government so costly in recent years?" a staff writer for the Milwaukee Journal asks.

"Why is it that Wisconsin wiped out a general fund surplus of \$49.3 millions in five years and now faces the need to raise \$58 million in additional revenues in the next two years?"

Those are questions which are not tossed around in Wisconsin alone. There is not a state in the Union among the 48 which is not confronted with money problems. Rich or poor, densely or sparsely settled, irrespective of geographic location, the common cry in those states where legislatures are in session is what to do for money.

Wisconsin has its own explanation for getting rid of a \$49-million-plus surplus in the last

## Of Men And Things

By J. E. LAWRENCE

Nebraskans possessed of sufficiently long memories will recall that what now is labelled the Roosevelt farm program began functioning under conditions similar to those which prevailed over much of the state late Thursday afternoon and evening. There was this basic difference. Prices of farm commodities in the early 'thirties had collapsed to the extent that bankruptcy confronted a large portion of American agriculture. Today farm commodity prices fortunately are much higher.

At the same time it must be remembered by those gifted with memory that in the ensuing drought years of the 'thirties, the longest, most protracted, severe dry cycle in American history, drastically affecting 24 of the 48 states, it was this same farm program which in recent years has been the target for such a large amount of criticism that saved the Midwest farmer's bacon. We got well.

We entered upon a period of prosperity the like of which all of this American bread-basket never experienced. But we let pseudo-bureaucrats were enslaving us and that notwithstanding the improved flowering countryside of the Midwest, all that had been done to give agriculture a larger share of the national income was wrong. Strangely, nowhere did that criticism take root more vigorously than it did here in the American Midlands which had gained the most. A single March dust storm in a region accustomed to gaze upon darkened skies through which an eerie sun sheds an unnatural light, is of no great significance. We have been through all of that before, we have seen the shadows pass, and we have rejoiced when better days followed.

What we want to say here is not political, not partisan, not a song of gloom, but to suggest to Nebraska and Nebraskans the one greatest opportunity which beckons to the people of a state so completely dependent upon agriculture. It is this. What we need most in Nebraska is a long-range 10-year program with a goal of adding to Nebraska's irrigated empire 100,000 acres of newly irrigated land every 12 months through both stream and well irrigation. There is our one best hope. There is Nebraska's future. It is a big order, a tremendously big order, in the fulfillment of which the very first step is to recognize the goal and the no shoot for it.

The price of a stable Nebraska economy, with its foundations resting upon a prosperous agriculture, is another million acres of irrigated land to supplement that which fortunately already exists. We are well up to the top. Very few states in the Union have made the progress in irrigation recorded here in Nebraska, California with its citrus groves exceeds us, Colorado, Wyoming, Montana—and to the northwest, Oregon and Washington are nibbling at our heels, overlooking no opportunity whatever to stake claim to the one resource most precious to Nebraskans—water. We haven't time for quarrels as to how this shall be done. If we take time to quarrel, we may discover that others working in unified spirit have pushed ahead of us. Another million acres of irrigated land in this state—involving both storage waters held in huge reservoirs—and well irrigated itself—with approved land practices—will confer upon Nebraska and Nebraskans the serenity of knowing that a normal crop production is beyond the whims and the wiles of old Mother Nature.

### Price Of Stable Economy

The Star, always interested in the expansion of irrigation, pioneering the field, an ardent advocate of those developments which already have contributed so much to irrigation, offers this as a long-range program to farmers of Nebraska. We shall build and build magnificently through a 10-year long-range program calling for the addition of 100,000 acres of fertile soil to Nebraska's irrigation domain during each of the next 10 years. We hope an organized Nebraska leadership, non-partisan in character, free from the blight of blind and stupid politics, avails itself of the opportunity to make this contribution to the greatness of a state. The job is ours, waiting for volunteers, particularly waiting for volunteers who can contribute leadership to it.

The job is ours, waiting for volunteers, particularly waiting for volunteers who can contribute leadership to it.

### What About It?

They had to put a sweater on a lamb recently because he refused to grow any wool of his own. That's all right if it's the lamb's idea. But if it is some farm program expert hunting new ways to reduce surpluses we are really in for it.

## DREW PEARSON

### Boycott Is Best Weapon In Asia

WASHINGTON — Secretary of State Dulles informed the American ambassadors to 15 Asiatic countries last week that the time had come for the United States to stand firm against Asiatic Communism. Reporting to the nation by radio and TV this week, Dulles reaffirmed that position.

He did not, however, outline the means and methods by which we are to stand firm.

Earlier this week, I took the liberty of suggesting the means by which we should stand firm in the Orient: namely, by adopting the same method the orientals have used against us — the boycott-blockade.

The Chinese have used the boycott time after time against the westerner in the Far East. The Indians used it to help win their independence from the British. And whereas a battle to defend the small islands of Quemoy and Matsu would bring misunderstanding, bitterness and probable defeat, a boycott could be enforced—and be far more effective—without war.

Without arguing the pros and cons of the boycott weapon for the moment, however, let's take a look at Mr. Dulles's stern words of warning and see what they will mean to the Chinese Communists whom he is hoping to stop dead in their tracks.

Unfortunately, Dulles's warnings, stern, forbidding and frequent as they have been in the past, have too often been reversed, either by his own chief in the White House or by Dulles's own policies or by the policies of his administration in curtailing the military budget. Naturally the Chinese Reds listen to the radio and read the newspapers. And here is the record of Eisenhower administration statements they have read in the past:

**Dulles to American Legion, St. Louis, Sept. 2, 1953:**—"There is a risk that as in Korea Red China might send its own Army into Indo-China. The Chinese regime should realize that such a second aggression could not be confined to Indo-China. The Chinese regime should realize that such a second aggression could not occur without grave consequences. I say this soberly in the interest of peace and in the hope of preventing another aggression miscalculation."

"Grave consequences" in diplomatic language means a threat of war. But the Chinese Reds ignored the threat. They went right ahead with the invasion of Indo-China.

**Massive Retaliation—**On Jan. 12, 1954, Dulles announced that the U.S.A. was prepared to meet aggression with instant retaliation "by means and places of our own choosing." We would depend primarily upon "a great capacity to retaliate instantly," he said, refer-

ring to the atom bomb. The Chinese, however, blissfully proceeded to take over more areas of Indo-China.

**Eisenhower's Warning—**At Seattle, August 1953, Eisenhower told the governors' conference: "If Indo-China goes, several things happen right away. The tin and tungsten that we so value from that area would cease coming. All India would be outflanked. Burma would be in no position for defense." His warning fell on deaf ears and the United States did nothing to back up the warning.

**Another Warning—**Speaking to the newspaper editors on April 16, 1953, Eisenhower said that a truce in Indo-China must not mean more attacks on Indo-China. "It (a truce) should mean an end to the direct and indirect attacks upon the security of Indo-China and Malaya. For any armistice in Korea that merely released aggressive armies to attack elsewhere would be a fraud." But the Chinese did exactly that. They made the Korean peace a fraud. The United States, however, did nothing about it.

**Nixon Warns—**Addressing the American Society of Newspaper Editors in April 1954, Vice President Nixon warned that the United States was ready to send land troops to Indo-China. This did not seem to scare the Reds at all.

**Nixon Warns Again—**Speaking in Cincinnati a week later, however, Nixon claimed the Reds had been scared. "We warned the Chinese Communists that if they make overt moves across into Indo-China as they did in Korea that they would run the risk of retaliation of the United States against China. Result: The possibility of that overt move by the Chinese Communists has been reduced very, very definitely. The Chinese, meanwhile, kept moving into Indo-China."

**Ike Unwarns—**Perhaps the Reds remembered an exactly contrary statement made by Eisenhower on Feb. 10, two months before Nixon's warning. "No one could be more bitterly opposed to getting the United States involved in a hot war in that region than I am," said the President.

**Ike Relutes Nixon—**At any rate, the Communists hadn't long to wait before the President cut the ground out from under his vice president. It was on April 20 that Nixon threatened stern measures against the Reds. It was on April 29 that Eisenhower told a press conference: "We certainly could not hope for a completely satisfactory answer from the Communists. The most you can work out is a practical way of getting along"—something, he added, that would stop "blood-letting."

## ARCH DONOVAN

### In Step With The Sower

The Sower enjoys listening in and reporting to you what our state lawmakers are saying and thinking about such important legislation as taxes, highways, trading stamps and doves.

Observing a couple of solons of solemn mien seriously conversing, we sidled up and heard:

"One of my constituents, long addicted to the flowing bowl, told me that he had been reading a good deal about the evil effects of liquor. He explained that it bothered him greatly for quite a while. 'I inquired how he had relieved his worries and he replied: 'I just quit reading.'"

The little bird that has frequently whispered interesting tidbits into the ear of the Sower has been on winter vacation. On his return, came whisperings of out of the ordinary sights observed in Chicago.

The little bird informed us that he observed three Nebraska college presidents attending a meeting in the Windy City, who forsook the dignity that keeps students in awe, by going "out on the town." Their sociological studies took them to a rassing match.

Given ringside seats, they felt some trepidation when they observed that movies were being taken of the event and wondered what Betty Coed and Papa and Mama would think if they saw the college prexies in attendance.

It was one of those mayhem events that seem to provide entertainment even for state legislators. One contestant received facial cuts and with blood streaming down his face he chased his opponent out of the ring. (Forbidden in Nebraska.)

The contest finished under the elevated ring. This was the spot where the presidents had been advised to place their overcoats during the match. Now they are trying to figure out an explanation for the blood spots that mark the garments.

The Sower has heard a great deal of complaint about the amount of interest caused by trading

## A THOUGHT FOR THE SABBATH

### Stories Of Famous Hymns

#### Come, Said Jesus' Sacred Voice

Come, said Jesus' sacred voice  
Come, and make My paths your choice;  
I will guide you to your home,  
Weary pilgrim, hither come!

Thou who, homeless, sole, forlorn,  
Long hast borne the proud world's scorn;  
Long hast roamed the barren waste,  
Weary pilgrim, hither haste.

Ye, who tossed on beds of pain,  
Seek for ease, but seek in vain;  
Ye, by fiercer anguish torn,  
In remorse for guilt who mourn;

Hither come! for here is found  
Balm that flows for every wound,  
Peace that ever shall endure,  
Rest eternal, sacred, sure.

★

By HORACE B. POWELL

One of the most beautiful passages in the Bible is Jesus' invitation to weary and discouraged humanity, in Matthew 11:28: "Come unto Me, all ye that labor and are heavy laden, and I will give you rest."

That bit of scripture inspired a consecrated English woman hymnist, Anna Laetitia Aiken, to write the hymn which appears above. Miss Aiken's song was published in 1792 and was the most popular of about 20 which she turned out during her lifetime.

It was rather natural that the young hymnist should turn to the Bible for her inspiration, for her father, the Rev. John Aiken, was a devout Presbyterian church leader. She had a happy childhood and even before she was five years old she began to show evidence of the literary genius which in later years made her poems so popular.

### Creating Goblins

To the editor of The Lincoln Star: During the last decade the number of special districts in the United States has increased about 50 per cent—a rather phenomenal rise in numbers for an arrangement for local government. These newer special districts are providing such public services as fire protection, sanitation, utilities, health services, hospitals, natural resources, and highways. And the number grows each year.

Is the special district the solution we seek in providing local services? Is it the answer to the problem of resistance in rearranging our local governments so they might include these functions of government?

Or is this increase evidence of some rather liberal hiding behind the skirts of legal and fiscal restrictions which would otherwise apply if the services were undertaken or attempted by a city or county, or cities and counties jointly?

This growth of special district government is a strange commentary upon democratic institutions, one which seems to say that we are either unwilling or unable to alter the traditional governmental arrangements of cities and counties to suit a changing order, often merely because they are traditional. Instead we seem anxious to add to the already complex and confusing patchwork of local government by the easier political route of the special district.

One day we may find we have created a set of goblins which will plague us not only by night but also by day.

A. C. BRECKENRIDGE

### Veterans' Bonus

To the editor of The Lincoln Star: Although I couldn't qualify for a veteran's bonus from this state, it occurs to me that a state as progressive as this one certainly should do something for its citizens by way of a veterans' bonus to pay back in a very small way all that the veterans sacrificed.

On the never-ending problem of no money being available, it also occurs to me that this is by far not the poorest of the states. While other states have given their veterans bonuses for World War I, World War II and the Korean War and some have even given for all three, Nebraska (the "White Spot of the Nation") still lags along bringing up the rear on a much-deserved legislation.

I would like to see an expression from others regarding such legislation. When a large group of people with their hearts in the right place get together, much can be accomplished.

J. A. HUNTER

### That Square Bull

Broken Bow, Neb.  
To the editor of The Lincoln Star: I think I can understand about the square bull. You know, they put bulls in square stalls, and maybe this one was ornery and they were afraid to take him out, so he grew to fit the stall. Or maybe got stuck in the branding chute and had to stay there.

Anyway, Nebraska is the only place having a square bull that I know of, so guess we are ahead of the Russians, as they can't claim they had one before we did.

F. E. GADDIS

Lincoln, Neb.  
To the editor of The Lincoln Star: The Star's column, "The People Speak," is becoming quite versatile, especially so in the case of the artistic bull. It is too bad that the late P. T. Barnum is no longer available. I am sure he would give an exceedingly high price for a square bull exhibit in his show.

However, going from the ridiculous to the sublime, and judging from what I read in the paper, I would like to quote from Holy Writ that which should convince the skeptic of the authenticity of cer-

tain predictions, therein contained as follows: "To him that hath shall be given, but to him that hath not shall be taken away." This is no "bull," for truth is stranger than fiction.

JOHN T. PECK

### State Work Week

Lincoln, Neb.  
To the editor of The Lincoln Star: The proposal now before the Legislature to give Gov. Anderson authority to fix a 40-hour week for state employees is one of the biggest jokes ever proposed. The membership passing the buck to the governor for a decision of this sort if he should deem it necessary would mean one-man government. I'm sure the governor doesn't want anything of that kind foisted upon him.

BEN S. KECK

### School Lands

Lincoln, Neb.  
To the editor of The Lincoln Star: What is the matter with the legislators? Are they afraid to pass a bill to sell school lands and help

the farmers who feed them? Other bills seem to have no difficulty in getting through, yet this one is tabled—and I know what that means.

"Father of Six" seems to think that the leaseholder should turn over all he makes. That would be nice for all but the leasee. We would like to have some consideration. If they will not sell, then they should lease for 25 years.

They would be just as well off to sell and invest the money in government bonds. Then we could improve our places and make good homes, and the country would not look so desolate.

LEASEE

### Good Response

Lincoln, Neb.  
To the editor of The Lincoln Star: It is interesting to note that six women called to join the home nursing course after they had seen the feature in the Sunday paper. For a class like that, that is a wonderful response and we certainly express our thanks for the feature.

Extension Of World's Economic Base A 'Must' For Freedom—Dr. Compton

America will be inviting disaster, not only to Asia and Europe, "but to the freedom of our country" if she fails to act strongly in extending our economic base to the rest of the free world, Dr. Arthur H. Compton, world renowned physicist, said Friday evening.

"The returns from an adequate investment now in the world's future will be great," he commented in the third and concluding Montgomery Lecture delivered at the University of Nebraska.

"As when we developed the broader economic base in our own country, we may expect the extension of this program to the free world to bring about a more healthy prosperity in which we will share. And what is more, we

will have laid the foundation for a stable world in which all persons can enjoy an expanding freedom."

Dr. Compton, distinguished service professor of natural philosophy at Washington University, St. Louis, believed that militarily the United States had developed the needed strength.

"There is reason to believe that the responsible statesmen of Russia, like our own, are seeking to avoid the mutual destruction that major war would mean. Fighting for limited objectives, when other

than Russian troops can be used, is now in progress in Malaya, and very possible action will be to contain this fighting so that it will not affect Russia," he said.

Signs, he explained, indicate rather that Russia now really wants peace. Dr. Compton felt that Russia is hoping "for such a striking growth in the economic strength for both Russia and China, that the rest of Asia will willingly follow her banner."

He listed Communism's strategy as developing her technology, industry, agriculture and commerce

on a continent-wide scale.

"Trade barriers are being eliminated throughout the Communist world, and inducements to widespread commerce are being introduced, with a view to developing more efficient production and distribution. In the fields of technology and industry the success of this strategy has been phenomenal. In agriculture, it has so far failed, with tragic results. In commerce the strategy has not yet been in operation long enough to see what its success will be."

And, Dr. Compton said, in most

of these fields America has been the envy of the Communists. "On the other hand, in international commerce we are not developing the free world's full strength. The industrial and agricultural productivity of many of the free nations remains tragically underdeveloped. This handicap can be fatal," he warned.

Dr. Compton said America has learned how important it is to plow back into business a substantial part of its earnings. "It is recognized as an important reason for the strength of our nation.

"But we have limited the application of this principle for the most part to those who live within our national border.

"The time has come when it is vital to our survival that we include in our orbit of economic cooperation as much of the free world as will share our business pattern.

"The investment must be adequate to the task. That task is no less than building up the strength of the free world. And we dare not wait," Dr. Compton, a Nobel Prize winner, said.

New Trial In Fire Damage Case Ordered

Reversing a District Court decision, the State Supreme Court ordered a new trial in a damage suit resulting from a Gage County farm fire.

Farmer Alvin Behrens alleged that an Oct. 22, 1952 fire on his land was caused by Robert Cuttula, hired by Behrens to shell corn. He claimed that Cuttula's truck, used as the motive power for the corn sheller, started the blaze because of a defective exhaust pipe.

However, a directed verdict in favor of Cuttula was rendered in Gage County District Court after the jury was dismissed.

In reversing the decision, the High Court opinion said circumstantial evidence in the case is sufficient to show that Cuttula's truck started the fire. It pointed out that Cuttula offered "no other theory . . . as to how the fire started."

In other opinions the Supreme Court:

Upheld a Sheridan County District Court jury verdict favoring defendant Oddie Gregory in an auto accident personal injury case. The Supreme Court previously remanded the case to District Court for jury trial after Seabart announced a directed verdict in favor of Gregory.

Upheld a Douglas County District Court jury verdict in favor of the Jim Ryan Construction Co. The firm was defendant in a personal injury auto accident suit brought after an Omaha collision between a car driven by Lola Weistad and a Ryan truck in Omaha.

Reversed a Scotts Bluff County District Court decision in a divorce case. The Supreme Court decision gives Billie Cowan a more favorable settlement in her suit against Lewis H. Cowan.

Upheld a Johnson County District Court summary judgment against John W. Aitken in a personal injury auto accident suit brought by William R. Miller.

Hospital Group Asks Immunity For Charitable Units

The Nebraska Hospital Association Friday filed a brief with the Supreme Court advocating the immunity from liability for charitable institutions.

Acting as a friend of the court, the hospital group asked the High Court to uphold the immunity doctrine in three personal injury damage suits now pending.

The Nebraska Methodist Hospital, the Bishop Clarkson Hospital and the Holy Angels Church have been named defendants in the three Omaha suits.

Appeals to the Supreme Court were made by the plaintiffs after separate Douglas County District Court decisions affirmed the immunity theory.

"The qualified immunity doctrine is so well embedded in the structure of our law that it should not be lightly overturned," the Hospital Association's brief contended.

State's Record Praised

Gov. Anderson received a letter from the National Safety Council commending Nebraska's January traffic record.

Council General Manager G. C. Stewart said Nebraska was one of 22 states showing a decrease in traffic fatalities during the month as compared with January, 1954. Nebraska had a 4 per cent decline.

# Norfolk Hospital Operations Are Given Approval

## Ingham Declines Word Battle; Budget Committee Takes Tour

By ROY CAMPBELL  
Star Staff Writer

NORFOLK, Neb.—A vote of approval was given the operations of the Norfolk State Hospital Friday by the Legislature's Budget Committee following an inspection tour of the hospital's new facilities.

Supt. C. G. Ingham, however, told the legislators there is an increased need for psychiatrists and hospital aids who, he said, have the highest turnover among hospital personnel.

The doctor, a Nebraskan himself, declined for reasons of ethics, to indulge in a word battle with the superintendent of the Hastings hospital, Dr. G. Lee Sandritter.

Dr. Sandritter has openly claimed to have a larger rate of discharges from his hospital than the Lincoln and Norfolk State Hospitals have put together.

### Criticizes Operations

He appeared before the Legislature two weeks ago and made that claim, along with criticizing the operations of the Norfolk institution.

Dr. Ingham told the legislators that in the operation of the Norfolk hospital every attempt is made to give the patients the best of care available to them.

The legislators backed him up in this statement, pointing out that people of Nebraska committed to the hospital "certainly are getting the best of care."

### Questions Figures

Ingham said he questioned whether a discharge rate should be taken to mean that a cure has taken place for persons released after admission to an institution.

He said many times patients are released to other institutions for either care or punitive action.

When a person is released, he said, it doesn't necessarily mean he has been cured; it may mean there is no more that can be done for the patient.

He noted that many persons released for any of several reasons might return for further treatment which, in effect, means they have not been released permanently at all.

The inspection tour Friday morning centered around the new \$1.5 million hospital addition, including

furnishings, which will be the new housing for 162 patients to be transferred from Hastings to Norfolk in the next two weeks.

**Tour Wayne College**  
The legislative committee also toured Wayne State Teachers College and complimented Dr. John D. Rice on the usage he is making of older buildings on the campus.

Committee Chairman Sen. Hal Bridenbaugh of Dakota City said great strides have been made in the work of the school, especially at the industrial arts building where remodeling has made available new shops and working space.

At the hospital, Dr. Ingham said the increasing problem of care for the aged in mental institutions has reached the alarming stage.

**Average Age 62**  
He said the average age of patients at the Norfolk hospital is 62 and more than half the patients are 60 or older.

With a present load of 1,311 patients, Dr. Ingham said the hospital has only two psychiatrists and five staff physicians.

The average hospital case load, he said, is about 150 chronic patients and about 30 active treatment patients for each doctor.

But he said the staff at the Norfolk hospital has about 200 patients for every doctor.

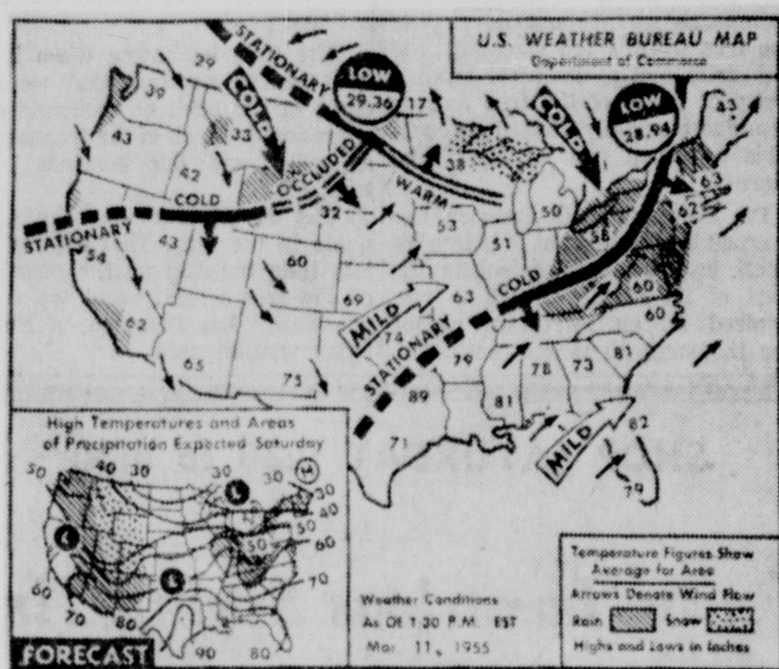

Dr. Ingham said the rate of admissions for aging persons at Norfolk is heavier than the national average.

He pointed out that Norfolk has only one nursing home, while many other towns and smaller cities have a large number of such institutions.

## Gore Bill Would Provide Nebraska Most Road Funds

WASHINGTON (AP)—A table prepared by the Department of Commerce showing federal and state funds required each year for highway construction under existing legislation and amounts that would be required under rival bills offered by Sen. Gore (D-Tenn) and Sen. Martin (R-Pa), the latter representing the administrative, gave for Nebraska:

Federal funds: Present 13.8 millions, Gore 25.1, Martin 20.0; state funds: Present 13.1, Gore 21.7, Martin 12.6.

### Rain, Snow, Colder Weather Coming

Rain mixed with snow is forecast for northern New England Saturday with occasional rain in southern New England. Scattered showers are expected in the Appalachians, Tennessee and Ohio Valleys. Snow flurries are slated for the upper Great Lakes region and north and central Rockies, with showers in southern Rockies, Great Basin, southern California and north Pacific states. Cooler weather will be noted in the Atlantic states, Ohio and Tennessee Valleys and northern Plains. (AP Wirephoto Map)

### State Deaths

#### Mrs. Alice Hansen, 84, Hampton, Dies

HAMPTON—Funeral services for Mrs. Alice Hansen, 84, who died at her home, were held Friday afternoon at the Emmanuel Lutheran Church. A pioneer resident of Hampton 62 years ago, surviving are three daughters, Mrs. Elsie Mason of Big Springs, Mrs. Mattie Peterson of Hampton and Mrs. Frances Dahlberg of Omaha; and one son, Jessie S. of Fremont.

#### Mrs. Anna Marsh

YORK—Funeral services for Mrs. Anna Marsh, 83, who died in a local hospital, will be held at 2:30 p.m. Sunday at the Carpenter Funeral Home in York. She had lived in York for 10 years, coming here from U.S.A. Surviving are three daughters, Mrs. Myron Hurlbut of York and Zella and Grace, both at home; a son, R. J. of Los Angeles; and a sister, Mrs. Nora Geiger of Hemetford.

### Main Feature Clock

State: "She Wolf," 1:26, 3:26, 5:26, 7:26, 9:26.

Varsity: "The Violent Men," 1:25, 3:26, 5:27, 7:28, 9:29.

Joyo: "So This Is Paris," 1:05, 4:00, 6:55, 9:50. "Africa Adventure," 2:50, 5:45, 8:40.

## Madison Child Is Said Satisfactory

NORFOLK, Neb. (AP)—Four-year-old Jackie Busted of Madison was reported in satisfactory condition in a Norfolk hospital Friday after being injured in a tractor accident.

He is the son of Mr. and Mrs. John Busted, Madison farmers.

Mrs. Busted said she had taken her son to a barbershop in Humphrey and as she was leaving the shop with the boy he was struck by the tractor, which was cleaning up some loose dirt in front of a new tailor and cleaning shop.

The tractor, operated by Mark Werner, 35, Humphrey, knocked the boy down as it backed up. A wheel passed over Jackie's head.

## Mrs. Johnson, 100, Is Dead

COZAD, Neb. (AP)—Funeral services were held Friday afternoon for Mrs. Sarah Ellen Johnson, who would have been 101 March 22. Mrs. Johnson died in a Cozad hospital.

Mrs. Johnson, a native of Illinois, was a longtime resident of Dawson County.

Survivors include three sons, Frank M., Lexington; Archie, Cozad, and Robert, North Platte, and a daughter, Fairy, Cozad.

## Omahan Is Found Guilty Of Homicide

OMAHA (AP)—James D. Hudson, 27, Omaha, has been found guilty by a District Court jury here on a motor vehicle homicide charge. Sentence was deferred following the verdict.

Hudson was charged in the death Jan. 29 of Wilbert T. Evans, 47, driver of a city truck which was struck by a car.

## Ross Offers Even More Data On His Federal Court Proposal

WASHINGTON (AP)—Donald Ross, United States attorney at Omaha, has written members of the Nebraska Congressional delegation giving reasons to strengthen his proposal that federal court be held in Nebraska only in Lincoln, Omaha and North Platte.

Ross told the delegation sometime ago that the federal court business could be handled more economically and efficiently if court was held in only three instead of the present eight cities.

Court now is held at Hastings, McCook, Grand Island, Norfolk and Chadron.

### Protests Received

Protests against this proposal have come from several county and city bar associations, including those in Grand Island and Norfolk, although most of the comment received by delegation members has been favorable.

Ross said he has made a further analysis of the court business at Norfolk and Grand Island. This study shows, he said, that the use of these cities as federal court sites "is even less than what had been originally thought." Ross said the same is true in varying degrees for Chadron, McCook and Hastings.

The delegation is considering legislation to reduce the court sitting in Nebraska to the three cities.

Reporting to the delegation members on his recent study, Ross wrote:

"In Grand Island, of the 15 criminal cases filed from July 1, 1952 to July 1, 1954, seven were transferred to Omaha or Lincoln at the request of the defendant and his attorney for the purpose of pleading guilty or nolo contendere. Six pleaded guilty or nolo contendere in Grand Island, and two were dismissed. None of the cases actually went to trial.

### Civil Cases

"Of the 51 civil cases filed in the Grand Island division during that period, 36 were filed by the

government and of those filed by the government 24 resulted in default judgments, nine were settled and dismissed, and two were actually tried. One is still pending. Of the 15 non-government civil cases filed only four were tried, six were settled or dismissed and four were dismissed or remanded to state court.

"In other words, in a majority of the cases, the entire case was processed in Omaha or Lincoln either as a default, a settlement and dismissal, or by transfer of a criminal case at the defendant's request. Of all of the 66 cases filed in this period in Grand Island, only six have been tried and four are still pending.

"In Norfolk the situation is much the same."

## SPUCC Irrigation Promotion Just Starting—Waldo

FRANKLIN, Neb. (AP)—The South Platte United Chambers of Commerce irrigation committee feels the organization's promotion of irrigation in the South Platte area has just begun.

Tom Waldo, the committee chairman, said that about half of the irrigable land in the area is under irrigation.

### 2,000 At Clinics

Recent irrigation clinics sponsored by the SPUCC and the Burlington Railroad were attended by an estimated 2,000 persons he said.

The SPUCC board of directors turned over to the irrigation committee for study a resolution asking support of a proposed Fort Randall-Grand Island power line.

Wind and dust in the Franklin area cut down attendance at a dinner meeting of the group which heard the Nebraska Safety Patrol, chief, Col. C. J. Sanders. About 115 persons were on hand.

## Weather Ahead

Extended forecast for Nebraska:

Temperatures Saturday through Wednesday will average 3 to 5 degrees about normal, with cooler about Monday and again the last of the period. Normal highs are in the lower 50s, and normal lows range from 25 in the west to 10 to 15 of an inch elsewhere. Precipitation will average from little to none in the west to 10 to 15 of an inch elsewhere, occurring as showers Saturday and again Monday.

## CAN'T SLEEP Because of Acid Stomach? Do This—

Try this simple modern way to avoid sleepless nights due to excess stomach acid. Just take 1 or 2 Tums as a "nightcap" before you go to bed. Countless thousands who do this have discovered they fall asleep faster—feel much fresher mornings. Always keep Tums handy to counteract sour stomach, gas, heartburn—day or night. Get a roll of Tums right now.

So economical—only 10¢ a roll. 3-roll pkg. 25¢.

# State Cash Income From Farm Products 8th Highest

'54 Figure  
4 Per Cent  
Under 1953

WASHINGTON (AP)—Cash income from farm marketings brought Nebraska farmers a total of \$1,067,634,000 last year—eighth highest in the nation, Agriculture Department figures show.

The Nebraska figure represented a 4 per cent drop from 1953.

California, Iowa and Illinois farmers led the country in cash income from marketings, the department reported. The totals for the seven states exceeding Nebraska:

California, \$2,491,208,000; Iowa, \$2,347,221,000; Illinois, \$1,956,148,000; Texas, \$1,894,159,000; Minnesota, \$1,231,126,000; Indiana, \$1,136,251,000, and Ohio, \$1,030,531,000.

**Decline General**  
Cash income for the country's farmers as a whole was down 5 per cent.

South Dakota farm income was about the same as in 1953, while Iowa, Missouri, Kansas and Wyoming were down 2 per cent and Colorado was down 12 per cent. Minnesota dropped 4 per cent.

Farmers in only three states had increased income from their marketings—North Carolina and Kentucky, up 2 per cent, and Florida up 3 per cent. Mississippi showed the sharpest drop, 21 per cent.

The report showed that month by month, Nebraska farmers received these totals in cash receipts from livestock and livestock products, and from crops, respectively:

**Monthly Totals**  
January \$70,784,000 and \$38,446,000; February \$72,571,000 and \$31,432,000; March \$69,592,000 and \$20,142,000; May \$78,516,000 and \$12,103,000; June \$56,075,000 and \$13,295,000; July \$49,571,000 and \$26,224,000; August \$49,003,000 and \$22,736,000; September \$49,288,000 and \$39,305,000; October \$52,374,000 and \$44,275,000; November \$65,952,000 and \$30,560,000, and December \$53,914,000 and \$34,005,000. Total: livestock and livestock products \$737,912,000; crop \$329,722,000.

## Essman Elected Head Of Schools At Scotia

SCOTIA, Neb.—Rolland L. Essman has been elected head of the Scotia Consolidated Schools. He will take the place of Allan Hansen, who has resigned.

Essman, 31, formerly of DeWitt, has been vocational agriculture instructor in the Scotia schools since September, 1950. He came to Scotia from Barneston.

THESE ARE SPRING FASHIONS!

Visiting another town always calls for an exploratory trip downtown to see the shops. And these two young ladies from Lincoln visiting in Beatrice this week set out to do just that. They may not have the Monroe or Dior look, but nevertheless they attracted attention. The young ladies are, Mary Susan, 5, left, and Christine, 2½, young daughters of Mr. and Mrs. Bernard Nider, 1502 E Street, Lincoln. The girls were visitors of their grandparents, Mr. and Mrs. Ralph Humphrey at Beatrice. (Star Staff Photo by Bill Hine)

## David City School Post Given Davis

**Lincoln Star Special**  
DAVID CITY, Neb. — Ernest J. Davis, 49-year-old superintendent of schools at Laurel, has been named superintendent of schools at David City. He was signed to a three-year contract by the Board of Education, according to Harold Zinnecker, secretary of the board. Mr. Davis, who will assume his duties this summer, succeeds H. C. Elmeier, who has accepted the superintendency at South Sioux City.

The new superintendent has been head of the Laurel Public Schools for the past six years and had been re-elected to that post prior to accepting the position here. He holds a bachelor of

science degree (cum laude) from Midland College and received his master's degree from the University of Nebraska.

His teaching experience includes positions at Creston, Newman Grove, DeWitt, and Hamburg, Ia., prior to going to Laurel.

Mr. Davis is a member of the Nebraska State Education Association and National Education Association, professional organizations. In addition he has been a director of the Chamber of Commerce at Laurel, was a member of the Kiwanis Club, and belongs to the Methodist Church.

Mr. and Mrs. Davis have a daughter, who is in nurses training at Methodist Hospital in Omaha.

## Omaha Slaying Brings Second Degree Count

OMAHA (AP)—A second degree murder charge was filed against 59-year-old Vasa Milich of Omaha Friay in connection with a fatal shooting that stemmed from a child's skating and a dog's barking in front of Milich's house Thursday night.

Howard T. Hermes, 44, of Omaha was killed by a single shot at the climax of the argument.

Milich was released on \$5,000 bond.

Deputy County Attorney John Clark filed the charge after interviewing witnesses.

**Admitted Shooting**

Clark said Milich admitted the shooting, but declared he and Hermes had trouble before and that he fired the shot after Hermes swung at him.

Hermes' daughter, Janet Sue, said she had been skating on the sidewalk and her dog was with her. She said Milich ordered them from in front of his home.

The shooting occurred about two hours later when Hermes allegedly went to the Milich home and the argument followed.

After the single shot was fired Hermes walked toward his home but collapsed a half block away. He was dead on arrival at a hospital.

## Dakota Asked To Aid State Rail Protest

WASHINGTON (AP)—South Dakota members of Congress have been asked to back up Nebraska members in efforts to retain Chicago and North Western train service across northern Nebraska.

The Rapid City, S. D. Chamber of Commerce has urged the state's legislature to support the Nebraska campaign.

The railroad had considered discontinuing trains 13 and 14 from Omaha to Chadron because of diminished revenues, largely as a result of removal of mail previously assigned to the trains.

Complaints from northern Nebraskans has caused the carrier to continue, at least for a time, the trains. Meanwhile, the Post Office Department has agreed not to remove any more mail from the trains for assignment to trucks. The department also has agreed to study the question of restoring the mail contracts to the train.

In announcing receipt of the appeal from Rapid City, Sen. Mundt (R-SD) pledged his support to Nebraska Congressional efforts.

## Land Bank Will Again Provide 2 Scholarships

Two \$300 Federal Land Bank scholarships will be provided again this year for high school seniors who enroll in the College of Agriculture at the University of Nebraska this fall.

The program is sponsored by the Federal Land Bank of Omaha on behalf of the National Farm Loan Associations in Nebraska, according to J. D. Berkeybile, secretary-treasurer of the Lincoln association. Berkeybile said the scholarship program is planned to be continued in coming years.

Application blanks may be obtained from your vocational agriculture teacher, high school superintendent, or at the National Farm Loan Association office. Applications should be submitted to the Office of the Dean, College of Agriculture, Lincoln, before March 25.

## Wiens Resigns Post With Schools At Alma

ALMA, Neb.—Joel Wiens, who has served the past two years on the Alma High School faculty as science instructor and basketball coach, has resigned. He will devote fulltime to his business which he established here sometime ago.

### Nebraska News

## Midland Teacher Advanced In Rank

**Lincoln Star Special**  
FREMONT, Neb. — Mrs. Lydia M. Peterson, teacher at Midland College since 1942, has been raised in rank from associate professor to professor of elementary education and English.

Dr. Paul W. Dieckman, Midland president, made the announcement.

Dr. Dieckman said Mrs. Peterson was the only Midland faculty member to be advanced in rank this year. She is a graduate of the University of Nebraska and Sioux Falls College, S.D.

At Midland Professor Peterson also serves as a member of the curriculum and policies committee.

## Omaha Mayor Labels Bill As 'Unfair'

OMAHA (AP)—Mayor John Rosenblatt said Friday that if the gas tax distribution bill passes the Legislature in its present form Gov. Anderson will be asked to veto it.

The bill, LB 364, would take considerable gas tax money from Douglas, Lancaster and a few other populous counties and divide it among smaller outstate counties.

As tentatively approved earlier this week it would give Douglas County 10.5 per cent of the 2 cents a gallon gas tax. Under the present law Douglas County receives 12.88 per cent.

Last year Douglas County got \$1,500,000. Under LB 364 it would get \$1,260,000.

"This is an unfair bill," Rosenblatt said. "If passed the city of Omaha would get a little more but Douglas County as a whole would be badly penalized."

Under an agreement reached by the county and city, Omaha would get an additional \$85,000 under the new bill but the county would get much less.

## Scottsbluff And David City School Papers Win Honor

NEW YORK (AP)—Two Nebraska schools were honored Friday for the excellence of their school publications.

They were entered in the 31st annual contest conducted by the Columbia Scholastic Press Association and sponsored by Columbia University for the improvement of student writing and the betterment of student newspapers and magazines.

The Scoop, put out by David City, Neb., High School, won a second place rating in competition with printed newspapers in senior high schools of 300 or less.

Echoes, publication of Scottsbluff High School, won a first place rating among printed newspapers of junior-senior high schools.

The top rating given is "medalist."

## Sewer Issues On Schuyler Ballot

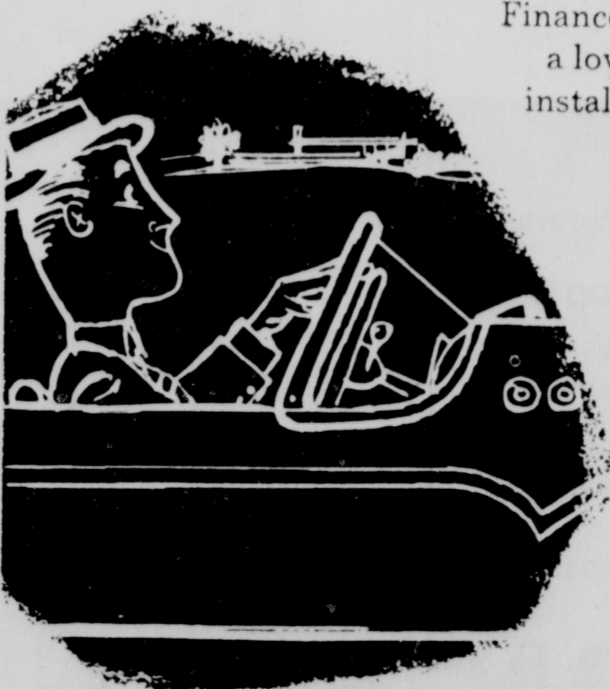

SCHUYLER, Neb. — A \$51,000 storm sewer issue will face voters here in the regular city election Tuesday, April 5.

Storm sewers have been proposed for three districts in Schuyler.

# Herrington Asks Probe Of Railroad Assessment Methods

State Tax Commissioner Fred Herrington disclosed Friday that he has recommended an investigation be made of the method of assessing railroad property.

The recommendation was contained in Herrington's reply to a request made by four members of the Legislature's Revenue Committee for information concerning railroad property assessment.

In answer, Herrington told the solons, "there is room for serious doubt" that railroads are assessed on the same level with other property.

"No More Interested . . ."

However, the tax commissioner

told reporters he is not "any more interested in railroad valuation than in inter-county equalization and automobile valuation."

He added he would favor an investigation of all aspects of property tax assessment and pointed out he has added an extra field man to investigate inter-county equalization.

Herrington was appointed tax commissioner by Gov. Anderson at the beginning of the present administration.

Chairman Bixler of Harrison, Sen. McGinley of Ogallala, Sen. Martin of Grand Island, and Sen. Metzger of Cedar Creek requested the information, specifically asking

for a "scientific estimate" of the soundness of present methods of railroad property assessment.

**Senator Hints**

One of the senators hinted at that time that the railroads might have been receiving an unfair advantage in the assessment of property.

In 1954, Nebraska railways paid a property tax of \$5,208,308 on the partial basis of a \$142,258,050 general assessment right of way and a \$37,872,274 rolling stock assessment terminals, engines, cars, etc.

"It would appear dangerous to assume that the railroads, automobiles, real estate, and personal

property are assessed on the same level," Herrington said in his reply.

"I am Hesitant . . ."

"Due to the short time I have been tax commissioner, I am hesitant to make the opposite statement that they are not assessed on the same level."

However, Herrington added: "It seems to me that there is room for serious doubt that the railroads and automobiles are assessed on the same level as other property or even on the same level with each other."

"It seems unlikely that the State Board of Equalization in the short time it is allowed to work on the assessment of railroads and motor

vehicles is able to make sufficient investigation to reach such a conclusion. With the funds and manpower available to the tax commissioner it appears impossible to make more than a courtesy examination of the problem each year."

He said changes made in railroad assessment formulas from year to year indicate that the equalization board "has itself questioned the 'soundness' of the formulas being used . . ."

Herrington concluded with the recommendation "that an investigation be made to determine whether these various categories of property are properly assessed in relation to each other."

**State Agencies Spend \$6 Million In February**

State agencies spent \$6,475,753.33 during February compared with \$6,983,725.72 the previous month, the State Tax commissioner's office reported Friday.

Biggest single February spender was the University of Nebraska with \$1,482,756.91 followed by the Highway Department, \$1,391,751.74; State Assistance, \$1,275,399.59; and the Board of Control, \$1,072,927.65.

The tax commissioner's monthly report shows that spending for the current biennium totaled \$146,375,568.04 at the end of February.

The Highway Department has drawn \$45,652,047.70 compared with \$29,661,643.07 for the University of Nebraska.

**Saturday, March 12, 1955 THE LINCOLN STAR 9**

**Ike Left Out**

WASHINGTON (AP) — A country club in nearby Maryland slipped up in sending out its annual membership list. It left off the name of its best known golfing member.

A spokesman for the exclusive Burning Tree Club blamed a "typographical error" for the slip. He said the club is hustling out a new list which includes the name of President Dwight D. Eisenhower.

**Sentence Deferred For Leonard Rouse**

OMAHA (AP) — Leonard Rouse, 60, Omaha pleaded guilty before Judge L. Ross Newkirk Friday to a charge of debauching a minor. Sentence was deferred.

Rouse was accused of molesting two 7-year-old Omaha children who skipped school March 3 and were not found by searchers until 3 a.m. the next day.

## Meet Star Carrier Sidney Smith

SIDNEY SMITH

Sidney Smith, son of Mr. and Mrs. Herbert R. Smith, carries the Lincoln Star in Seward. He lives at 935 South St. in Seward and greatly enjoys carrying his route in his own neighborhood.

He will soon be 12 years old and is in the 6th grade at Seward's Public School. Spelling and science are his favorite subjects.

Although he likes all types of sporting activities, football is his favorite with the Los Angeles Rams and Elroy Hirsch being his favorite team and player.

Fishing is a specialty with Sidney and his family during the summer months. His brother, Steve, proved his ability as a fisherman by being named Lincoln Star Fisherman of the Week during August, 1952. He landed a 9½ pound catfish to win the honor. Steve carries the Lincoln Star also.

Sidney is now a Tenderfoot Scout in Troop No. 256. A Den Chief while in Cub Scouts, he completed all the Cub Scout program. He plays the coronet in the Seward High School "B" Band. Making model cars and airplanes is his main hobby.

From his regular route profits of approximately \$14 every 4-weeks he has purchased all of his hobby supplies and part of his clothes. The parka-jacket in which he is pictured was one of the things he bought this past winter. Part of his profits go into his savings account regularly for use on vacations and school ambitions.

Sidney feels that his Lincoln Star route has been of great benefit to him in learning to count money, make change, and meet and visit with people. His parents feel that it has greatly increased his sense of responsibility and dependability in addition to the things he mentions.

His first business venture proving more and more successful each day, Sidney is looking forward to a bright future life.

## Wives Of NREA Men Plan Meet

The wives of representatives of rural power systems in Nebraska will hold their three-day meeting in conjunction with the 19th annual convention of the Nebraska Rural Electric Association Sunday, Monday and Tuesday at the Lincoln Hotel, Mrs. John Clema has announced.

Highlighting the women's program will be a "Tips on Entertaining" demonstration on Tuesday by home economist Miss Edna Jeeter. A smorgasbord luncheon is set for Tuesday noon.

Mrs. Grace Horna of Utica will speak Monday on her unique hobby of framing prints. The afternoon will be devoted to the hobby theme.

An early bird breakfast will start off the day Tuesday. Hostesses for the three-day meeting are Mrs. Dale Erlewine of Grant, Mrs. Sumner Burnham, Mrs. Ray Lowery of Oak, Mrs. Lyle Marotz of Hoskins, Mrs. Gregory Cripps of Hay Springs, Mrs. LeRoy Hansen of Battle Creek and Mrs. John Clema.

HOSTESSES: Morning, Mrs. Albert Speier  
Mrs. Nathan Gold  
Afternoon, Mrs. Thomas Raysor  
Mrs. Eugene Anderson

## Today's Artist

JOHN HARTELL

John Hartell's "Fragments," an oil on canvas, is a subject and a treatment of a subject that are essentially quiet. But out of that quiet the artist has extracted a wide range of unexpected beauties. He has studied an old bar, its structure of posts and joists—its boarding, its openings, its accidents and alterations. From the whole he has created a spatial pattern which directly is related to the precedent of such geometric abstractionists as Glarner and Bolotowsky, who also are represented in the Nebraska Art Association's current exhibition. But Hartell has invested this precedent with the warmth and the richness of experience which has been both observed and appreciated in their own right.

## Gray Ladies Honored

Lancaster County Red Cross Gray Ladies were honored Thursday morning at the State Hospital for their hours of volunteer service at the hospital. At a 10 o'clock ceremony, the awards were presented by Mrs. Donald Devries, Mrs. Paul Gillian, Mrs. Lester Hawkins and Mrs. E. L. Smith.

Mrs. Ernest Hancock was honored for five years service, and honorees serving four years are Mrs. O. K. Bouwsma, Mrs. Hermine Ham, Mrs. C. S. Quick and Mrs. C. E. Vanderzee. Also receiving awards were Mrs. William Becker, Mrs. Owen Hutchens, Mrs. H. V. Munger, Mrs. Fred Stevens, Mrs. Roy

Cusack, Mrs. Clarence Emerson and Mrs. Loren Nelson. Mrs. Myron Weil, chairman of the Red Cross Motor Corps entertained members of her corps at a coffee Friday morning at her home when plans for a spring class for new members were discussed.

## Plans Program

Chapter DK, PEO, will meet Tuesday evening at the home of Mrs. Lawrence F. Lindgren, 3805 Orchard, with Mrs. M. S. Spurgin as assisting hostess. The meeting will begin at 8 o'clock and a program of music will be under the direction of Mrs. Alice Bieberstein.

## Pi Phi Anniversary

Pi Beta Phi members will celebrate the 60th anniversary of the Nebraska Beta Chapter at the University of Nebraska on Saturday at an afternoon tea, to be held at the Governor's Mansion, and a 6:30 o'clock banquet at the Hotel Cornhusker.

Included among the honorees will be Miss Mary McGahey, who has been a member of the sorority for 60 years, and a highlight of the banquet program will be a fashion show depicting feminine styles of the 1890's to the present day.

Mrs. Charles Edholm (seated at left) is modeling a 1910 linen "gown" featuring panels of handmade lace, and posing in her mothers' wedding gown is Mrs. O. J. King (seated at right). Miss McGahey is seated at center. Standing are Mrs. Ralph

Ireland (left) and Mrs. Edgar Westcott, co-chairmen for the tea with Mrs. Kent Morgan and Mrs. Edward Swenson (not pictured).

Chairman of the fashion show Saturday night is Mrs. Douglas Hall, and moderator will be Mrs. James Terry. The models will include Mrs. Jean Morse Furr, Mrs. Dick Wagner, Mrs. Victor Anderson, Mrs. O. J. King, Mrs. Fred Chase, Mrs. William Greer, Mrs. William Kinsey, Mrs. Richard Joy, Mrs. Charles Edholm, Mrs. Kenneth McCaw, Miss Sue Owens, Mrs. Marjorie Root, Mrs. Harry Cooper, Mrs. Thomas Dowe, Mrs. William Cartmell, Mrs. William Beachly, Mrs. Harold Bookstrom, Mrs. Malcolm Gray, Mrs. Neil Hall, Mrs. Robert S. Patterson, and Miss Barbara Madden of Falls City.

# More Of Everything

MORE guests to talk about this morning—more parties, more brides—more of practically everything—And elsewhere on the page the University of Nebraska campus is rather well represented in the matter of betrothal news—All in all it's a good morning—

Heard that Mr. and Mrs. E. J. Gotschall and their two children, Clark and Ellen, arrived Thursday evening from Atkinson for a visit with Mrs. Gotschall's parents, Mr. and Mrs. Earl Carter.

AND we learned that on Sunday Mr. and Mrs. Carter are holding open house between the hours of 3 o'clock and 5 o'clock in the afternoon—not to honor Mr. and Mrs. Gotschall, but to pay courtesy to their two grandsons, Clark Gotschall and Carl Ganz II, of Alvo—and young Miss Ellen Gotschall.

All friends are asked to attend without further invitation. BUT before Sunday comes Saturday morning and the 10:30 o'clock coffee for which Mrs. Carter and Mrs. Gotschall will be hostesses when they entertain in pre-nuptial courtesy to Miss Barbara Raun whose marriage to Wesley Barton takes

place on April 2. The guest list will include only members of the family.

NOW on with the guest list—William Corpstein Jr., arrives from Phoenix, Ariz., on Monday, and will be on hand to share honors with his fiancée, Miss Mary Ann Chambers, at the last of the many courtesies—The marriage of Miss Chambers and Mr. Corpstein will take place on Saturday, March 19, at the home of the bride's parents.

The bridegroom-elect's parents, Mr. and Mrs. William Corpstein, and his brother, Peter Corpstein, will arrive on Wednesday from Phoenix.

NEXT Tuesday evening Miss Chambers and Mr. Corpstein will be honored when Mr. and Mrs. Robert McVicker entertain members of the young set at their home.

Miss Chambers and Mr. Corpstein will share honors again on Thursday evening when Mrs. B. F. Sheehan is hostess at her home. The guest list will include the members of the families.

ON Friday evening Mr. and Mrs. Chambers will pay pre-nuptial courtesy to their daughter and

Mr. Corpstein when they preside at dinner at Hotel Cornhusker. Places will be arranged for members of the bridal party and the families.

A POSTSCRIPT on the Chambers-Corpstein wedding involves Lt. and Mrs. John A. Graf who arrive from Ft. Leonard Wood, Mo., next Thursday. Mrs. Graf, the former Nancy Farnsworth, will be Miss Chambers' matron of honor and only attendant.

During their stay in Lincoln Lt. and Mrs. Graf will be the guests of Mrs. Graf's parents, Mr. and Mrs. James S. Farnsworth.

ANOTHER potential guest is Mrs. C. K. Struble who is expected to arrive next week from Los Angeles. Mrs. Struble, who has

been spending the past three months with her son and daughter-in-law, Dr. and Mrs. Gilbert Struble, will be the guest of her son-in-law and daughter, Mr. and Mrs. Harold Stebins.

FROM Chicago comes news of the birth of a son, David, to Mr. and Mrs. Robert Schloerb on Thursday, Feb. 17. Mrs. Schloerb is the former Mary Jean Wegner, daughter of Dr. and Mrs. E. S. Wegner of Lincoln.

Mrs. Wegner, by the way, has just returned from Chicago where she extended a personal greeting to her new grandson, and renewed her acquaintance with David's older brother, Peter, who is two and a half years old.

## Plan Summer Wedding

MISS CAROL DUEY and Don Hewitt, whose engagement is announced today, talk over plans for their summer wedding.

This morning Mr. and Mrs. Clarence Martin Duey of Falls City announce the engagement and approaching marriage of their daughter, Carol, to Donald Hewitt, son of Mr. and Mrs. Donald R. Hewitt of Des Moines, Ia.

An early summer wedding is planned.

Miss Duey is a former student at the University of Nebraska,

where she is a member of Pi Beta Phi sorority, and she now is a member of the public schools faculty in Falls City.

Mr. Hewitt is attending the University of Nebraska where he is a member of Alpha Tau Omega fraternity.

## A Trio Of Visitors

On the guest list, since Thursday evening, have been Mrs. E. J. Gotschall, her son, Clark, and baby daughter, Ellen, who arrived from Atkinson with Mrs. Gotschall for a visit with Mrs. Gotschall's parents, Mr. and Mrs. Earl Carter.

Jayne Carter, Kappa Kappa Gamma at Nebraska.

Miss Ellen and her brother Clark share honors with their cousin, Carl Ganz II, of Alvo when Mr. and Mrs. Carter are an open house host and hostess in courtesy to their grandchildren, on Sunday.

## Voters League Luncheon

The League of Women Voters of Lincoln will continue its series of informal, no-hostess luncheons next Tuesday which it has sponsored during the current session of the State Legislature, planned to promote informal discussion on legislation of particular interest to the league.

Anyone who is interested is welcome to attend the luncheon to be held in the coffee shop of the Hotel Cornhusker, and a member of the Unicameral will be a special guest.

Reservations must be made by 9 o'clock Tuesday morning by contacting Mrs. Mohrman.

## Tri-Delta Alumnae Club

The members of the Delta Delta Alumnae Club will meet at the home of Mrs. George Place Tuesday afternoon when the program will feature vocal selections by Mrs. Richard E. Hall.

Mrs. Theo Deal will be chairman of the hostess committee and will be assisted by Mrs. David Dow, Mrs. C. Petrus Peterson, Mrs. Neil Dieterich Jr., Mrs. Frank Piccolo, Mrs. R. C. Mullen, Mrs. Clifford Williams and Mrs. C. O. Hanson.

## Coed Will Be Bride

MISS KAY NOSKY

Of much more than casual interest to campus circles this morning is the announcement made by Mr. and Mrs. R. F. Nosky of North Platte of the engagement of their daughter, Kay, to Gary E. Fusselman, son of Mr. and Mrs. W. J. Fusselman of Bristow.

No wedding date is named.

Miss Nosky is a junior at the University of Nebraska where she is a member of Gamma Phi Beta sorority, and where she is editorial page editor of the Daily Nebraskan. Miss Nosky also is a member of Theta Sigma Phi, honorary for women in journalism, and Gamma Alpha Chi, advertising honorary.

Mr. Fusselman is a former stu-

dent at the University of Nebraska where he is a member of Kappa Sigma fraternity.

## Quota Officer To Be Guest

The March meeting of the Lincoln Quota Club will be held Monday evening at the Hotel Cornhusker when a guest for the evening will be Miss Hazel Steele of Sioux City, Ia., governor of the Seventh District, who will make her official visit with the chapter.

Miss Steele will meet with the executive board at 5:30 o'clock, and will be honored at a 7 o'clock dessert supper preceding the club meeting.

## Madam Chairman

AFTERNOON

Nebraska Wesleyan University Panhellenic, 1 o'clock luncheon at the Hotel Cornhusker.

Pi Beta Phi Alumnae, 2:30 o'clock tea at the Governor's Mansion.

Lincoln PEO Round Table, 12:15 o'clock luncheon at the YWCA.

EVENING

YM-YW Saturday Night Dance, 9 o'clock in the Green room of the YMCA.

Pi Beta Phi banquet, 6:30 o'clock at the Hotel Cornhusker.

Cornell Club, 7:30 o'clock dessert supper at the home of Dr. and Mrs. A. B. Hoerlein, 6345 Adams.

# DAR State Conference Ends Today

The annual meeting of the Nebraska Society, Daughters of Founders and Patriots of America, was held during the annual DAR conference at Norfolk this week. State board members are (left to right) Miss Ruth Boyden of Grand Island, chaplain; Mrs. John Berghoff, Omaha, president; Miss Pearl R. Freeman (seated) of Columbus, secretary; and Miss Jennie Downs, Omaha, recording secretary.

Also meeting at Norfolk this week were the members of the Nebraska Society, Daughters of American Colonists. Pictured (left to right) at the Wednesday luncheon were Mrs. Jeannette Speelman, Lincoln, Hannah Dutton Chapter regent; Mrs. Margaret Hartwell, Bellevue, Martin Rutt Chapter regent; Mrs. Howard Whipple Green, Cleveland Heights, O., national vice president, midwest section; Miss Isabel McOmber, Crete, state regent of DAC; and Mrs. Frank W. Baker, Omaha, Nathaniel Holmes Chapter regent.

MRS. A. E. CHASE of Loup City, was honored at the DAR banquet Friday evening as the Nebraska DAR Mother of the Year.

MISS HELEN SIEFKES, daughter of Mr. and Mrs. Herman Siefkes of Lincoln, received the Nebraska DAR Good Citizenship Award for writing the winning essay among senior high school students in the state.

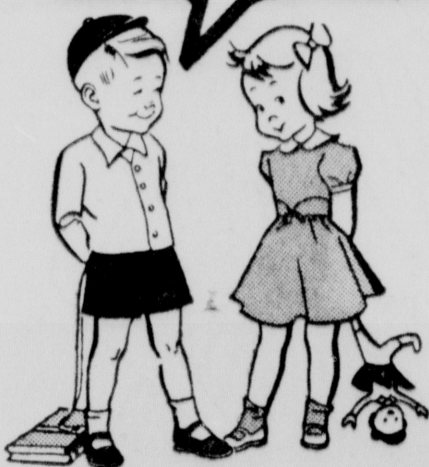

## To Hear Talks

The members of Delta Kappa Gamma will meet for dinner Monday evening at the Student Union after which a talk on, "Children's Needs and Local Resources", will be given by Mrs. Hulda Roper, Lincoln policewoman. The program also will include "Legislative Briefs", by Mrs. Fern Orme, member of the Lincoln city council.

## Legislative League Meets

Mrs. Stanley Matzke was general chairman of the Thursday afternoon tea at which the members of the Farm House fraternity were hosts to the Legislative Ladies League.

A program of songs was presented by a quartet including Jim Feather of Waverly, Marx Peterson of Central City, George Hartmen of Paxton and Walter Schmidt of Gordon, and John Burbank of Madrid played a group of piano numbers. A short history of the fraternity was given by Dwight Jundt of Creighton.

Presiding at the tea table were Mrs. Charles Warner and Mrs. Otto Liebers, and assisting hostesses included Mrs. Lloyd McMaster, Mrs. Lloyd McMaster

Jr., Mrs. Don Thompson, Mrs. Frank Heintz, Mrs. LeRoy Bahensky, Mrs. R. C. Ellis, Mrs. Hazel Abel, Miss Alice Abel, Mrs. Lucille Lambert, Mrs. Mary Meier and Mrs. Joan Hoyt Gillian.

## Emerald Club Has Meeting

The members of the Emerald Homemakers Club were guests of Mrs. Robert Pickel on Thursday afternoon at her home. The Lesson, "Broiler Meals," was presented by Mrs. Rolland Pickel and Mrs. L. J. Hohnstein.

In addition to the 10 members present there was one guest, Mrs. Chris Busboom.

# Committee's Report On Blind School Attacked

Nebraska's Blind School situation got another going over in the Legislature Friday.

The hour-long debate grew out of some dissatisfaction with the report of the Public Health Committee which generally found the present school at Nebraska City adequate and rejected proposals to move it either to Omaha, Kearney or Crete.

Action on the report was deferred until Tuesday because of the absence Friday of a number of the senators, including members of the Budget Committee.

The Public Health Committee, headed by Sen. O. H. Person of Wahoo, had been directed by the Legislature to make a study and recommendations on the school.

The report, formally submitted to the Legislature Friday, said school conditions were found mostly favorable although consideration of a new dormitory was recommended, along with a swimming pool and other recreational facilities.

The committee "feels that the

indefinite postponement of legislative Bills 79, 331 and 373 (bills to move the school) was the answer to whether or not the school should be moved to another location," the report said.

Sen. Don McGinley of Ogallala told the Legislature "not everything has been answered" by the report. It sidesteps the "inconvenience of location" issue, he declared. The western half of the state has 27 blind children whose parents have found it impractical to send them to Nebraska City.

The support should have called for a study, possibly by the State Department of Education, of possible new facilities in the central or western part of the state, either as a separate or auxiliary system.

That touched off the give-and-take, with nine senators chipping in before it was over.

Sen. Person said the committee had been criticized unfairly and defended the committee's action as fair. The committee tried to do its best and partisans had a chance to be heard, he said.

## New School For Arnold Proposed

ARNOLD, Neb. (AP)—A \$225,000 bond issue to build a new grade school, gymnasium and vocational agriculture department will be submitted to the voters March 29.

The structure would be an addition to the present high school.

Superintendent Jack Welch said the grade school, built in 1914 and still in use, would be razed.

Welch said state fire officials had recommended the old grade school be renovated. The cost, he added, would be \$20,000 to \$30,000 and would be only temporary.

# UPSET KINGS MEET IN AA FINALS

## Ogallala To Tackle Holy Name

### York, Valentine Ousted In Fast Class A Action

Ogallala High hit town with one of the best passing and ball handling clubs in recent state tournament history and romped into this morning's Class A finals on a surprising 60-44 victory over York Friday night.

The Indians will tip-off at 11:35 a.m. against the Holy Name squad which came down from Omaha to shatter Valentine and the team tournament scoring mark.

Ogallala passed, dribbled and shot the taller Dukes into defeat in a game which Easterners expected to go to the wire. The Indians had too much speed for the Dukes, and they shot up the Coliseum with driving lay-ups and accurate jump shots which had the York County team gasping after the second period.

Stocky Howard McVay announced the determination of the westerners in the early minutes when he drove under the York basket and hooked over his head for three brilliant field goals.

A coldness which was to characterize York all night settled over the Dukes and sent them to an 8-12 first-quarter deficit.

The tragedy of Bob Harry's collapse with a wrenched knee plunged the Dukes into a depth from which they never recovered completely. Harry, the 6-5 center who has led York in scoring and whose rebounding has been tremendous the past season, returned after four minutes of the second period and electrified York fans with two quick field goals which helped to lift the Dukes to 22-26 at the half.

Then the Indians went wilder than any central Nebraska tribe of pioneer days. Jump-shooting Paul Robinson, sharp Doug Henning and driving Bill Hinkle couldn't miss with their third-period shots as Ogallala raced to a 47-28 lead which blew up the game.

The fourth quarter made little difference because the Indians were beyond reach and were heading for that title game with the Omaha Ramblers.

Harry scored 17 points but was handicapped as a rebounder because of the bad knee. Robinson got 14 for the balanced Indians.

| Ogallala (60) | York (44) |
|---------------|-----------|

| N. Hinkle 0   | 2         |
| Totals 25     | 10        |

One of the most effective fast breaks ever seen in the Coliseum sent Holy Name racing past the Sandhills club and into the finals in the afternoon.

Undefeated Holy Name displayed the smoothest tall boy of the tournament when 6-7 Dick Hartmann began to hook the north-central team into deep defeat.

Hartmann scored 33 points although he played only about three quarters. He had the soft touch through the first two quarters when the Ramblers bolted to a decisive 45-14 lead.

Holy Name worked its fast break off center-man Carl Smith who dribbled and fed Rambler shooters Hartmann, Dick Hegarty and Harry Vollmer. Hegarty, a fine jump-shooter, scored 12 and Vollmer 10.

When Hartmann went to rest he was replaced by capable John Putnam, a husky forward who slipped into the post and damaged the Valentine inner defense. Putnam scored 13 points and was excellent on defensive rebounds.

Fast-Frank Wraga, noted as the most threatening shooter in the Valentine lineup, solidified his reputation with a 20-point show. His dribbling and jump shooting were the most valuable assets in the attack of the Sandhills club.

Coach Gates, the fellow who possibly rates as the best player ever developed at Holy Name, used every player on his bench and showed the afternoon crowd a capable game of subs.

Hastings set the old scoring record with 73 points last year.

### East Texas To NAA Finals

KANSAS CITY (AP)—The East Texas State Lions of Commerce, on top at the opening basket, defeated Arkansas Tech's wonderboys 81-66 Friday night to join Southeastern Oklahoma as finalist in the National Intercollegiate basketball tournament.

Southeastern Oklahoma of Durant won its semifinal 68-61 over top-seeded Western Illinois of Macomb in the first game played before an estimated 8,500.

## Holstein, Edison Are E Finalists

Tournament favorite Holstein shelled Concord, 51-31, on the Coliseum freshman court Friday night to move into the Class E finals opposite Edison.

Unbeaten Holstein (26-0) will play Edison, 54-52 conqueror of Hickman Friday afternoon, on the varsity court at 7 p.m. tonight. Edison has a 20-3 record.

Dead-eye shooting by Gary Fair and Jim Thomas carried Holstein past a cold Concord team. Fair and Thomas, two small set-shot aces, pepped their team to a 16-2 first-quarter lead.

#### Lone Field Goal

Fair hit two jump shots and Thomas connected from the key-hole to give Holstein a 6-0 lead before Wylie Erwin made the only Concord points of the first quarter with a field goal from the free-throw lane.

Thomas potted another from the key, Harold Shaw made two free throws and Thomas hit his third bucket to make it 12-2. Two more free throws by Shaw and a corner shot by Fair made it 16-2 and Concord was out of the running. The halftime score was 29-8.

Fair finished with 19 points. Erwin had 15 for Concord.

| Holstein (51) | Concord (31) |
|---------------|--------------|
| Fair 9        | 1            |
| Huckfeldt 0   | 1            |
| Thomas 4      | 0            |
| Faber 1       | 0            |
| Shaw 3        | 0            |
| Gentert 2     | 0            |
| Kr'm'y'r 0    | 1            |
| Lakos 0       | 0            |
| Einspahr 0    | 0            |
| Totals 21     | 13           |

Red-headed Gary Chapman of Edison stole the ball from Hickman in the final minute of play to sink a lay-up and put his team into the finals with a 54-52 win.

The score was 51-51 when the ball-handling Edison ace swiped the ball to drive in and score untested. Hickman then missed two chances to overcome Edison's 53-51 lead.

Big Larry Schmuttee had a chance to tie the score again but he missed the second of two free throws. Leroy DeVries missed a drive-in shot with five seconds to go.

Gerald Wilson added the final Edison point with one second to play.

#### Hickman Rallies

Hickman came from behind in the third quarter and rallied again in the second quarter to overcome Edison leads. Wee Bobby Jacobsen made six points in two and one-half minutes during the third period to put Hickman ahead 39-34.

Wes Warner's swisher put Edison back in the game at 41-41 early in the fourth quarter, and Chaparrat made his fifth jump-shot field goal to put Edison ahead 43-42.

Edison held the lead until Schmuttee's two field goals and one free throw tied it, 47-47, with 3:52 left.

Warner hit again for Edison but Jacobsen fired in a long one-hander to tie it at 49-49. Hickman jumped ahead on a close shot by Schmuttee.

Then Warner connected to make the score 51-51 and set the stage for Chapman's heroics.

| Hickman (39) | Edison (54) |
|--------------|-------------|
| DeVries 3    | 4           |
| Jacobsen 6   | 2           |
| May 2        | 0           |
| Schmuttee 7  | 8           |
| Whited 0     | 0           |
| Williams 1   | 0           |

## Prep Gym Test Slated Today

Lincoln High, winner of two minor-sport state championships this season, guns for a third in the state gymnastics meet at the University of Nebraska today. The meet starts at 10 a.m. with the afternoon session set for 2 p.m.

The Links are favored to repeat their optional division win of last year and add to the cross-country and swimming titles they won previously this season.

Northeast, competing in gymnastics for the first season, is the choice in the novice division. Tom Kidd's Rocket gymnasts won eight straight novice meets.

Omaha Benson and Beatrice are the main threats to a Lincoln repeat championship in the optional division but Hastings could come in for a share. Lincoln beat Hastings twice during the season, but had to rally for a close decision in one meet.

This Is Called A Press

coln's Marty Koolen wish he didn't have the ball. Coming in to help Koolen is teammate Allen

Newbill (42) while tall Al Graves of Lincoln looks on from the rear. (Star Photo.)

Western, Assumption Are Finalists

## Hinzmann Is Star Of Class D Battles

By RON GIBSON  
Star Sports Staff Member

Massive Don Hinzmann fell three points short of setting a state tournament scoring record at the Col-

iseum Friday night as Western

crushed Nebraska Deaf, 63-32, to reach the Class D finals.

Western snoots for a second straight Class D championship

against Dwight Assumption at 11:35 a.m. today. Assumption

nipped Brady, 50-47, Friday afternoon.

Hinzmann scored 40 points, two short of the individual single-game record. Rod Burger of Hildreth made 42 in the 1950 tournament.

The 6-foot 5-inch Hinzmann, who was high scorer in the 1954 state tourney, made 16 field goals and eight of 19 free-throw attempts against Deaf.

The high-scoring center made 23 points in the first half but tapered off in the third quarter and got six. With 3:02 left in the game, Hinzmann had 33 points. At that juncture Coach Junior Ferebee called a time out to inform Hinzmann that he was close to the record.

Ferebee ordered Hinzmann's teammates to feed the big guy in an attempt to get the record. He added seven points but failed to tie the record when he missed a tip-in shot and two follow attempts.

Hinzmann's attempt at the record added lustre to a game which was decided early when unbeaten Western rolled to a quick 10-0 lead.

Three baskets by Hinzmann and two by rugged Duane Schmidt started Western's Indians on the way to their 22nd straight win.

The fast-passing NSD team was cold and trailed 16-6 after one quarter. Deaf was still in the running at 20-10 and had a chance at 25-11. But Hinzmann made four straight tip-ins and Western had a comfortable 35-19 halftime advantage.

Del Lassley made 14 points for Deaf. Howard Wood and Jim Beacom did all the rest of the scoring. Schmidt had 13 for Western.

| Nebraska Deaf (32) | Western (63) |
|--------------------|--------------|
| Beacom 3           | 4            |
| Bloemer 0          | 0            |
| Cahill 0           | 1            |

| Totals 12          | 12           |

Score by quarters: Western 16 19 12 16-63; Nebraska Deaf 6 13 4 9-32

Dwight Assumption ran its unbeaten string to 25 with a 50-47 win over Brady in the other D semifinal game.

Mrs. Brown, the donor, was present for the presentation. Brown, Whitehead's teammate at NU, was killed in an accident several years ago.

The injury jinx continued to dog York and its star Bob Harry. Last year the big boy twisted a knee in the district tournament and was unable to go full speed against Seward. The Bulldogs won and came to the state.

Friday night, Harry twisted the knee early in the first quarter, and despite a tape job by NU's George Sullivan, was severely handicapped. York lost.

Prediction Wrong Thursday night several Lincoln High girls—Betsy Beck, Jane Schmidt, Barb Bible, Linda Walt and Sandra Lichtenberg—predicted an LHS win, "but definitely."

Late Friday night the peppy gang wasn't talking.

Seven Bands were on hand for Friday's action. They were Hickman (directed by Robert Harrison), Omaha Tech (Harold Smith), Valentine (Paul Austin), Dwight Assumption (George Bruner), Lincoln (Lyle Welch), Ogallala (David Kinsman) and York (Aaron Schmidt).

Brady (47) vs. Dwight Assumption (50)

## Scottsbluff, Creighton Prep Explode, Defeat Favorites

By BILL FITZGERALD  
Star Sports Staff Member

The Cornhusker basketball kingdom was turned upside down Friday and two titans spilled onto the Coliseum floor in stunning defeats.

Down went Lincoln High and Omaha Tech, the top-ranked Class AA teams in the state. Up and ready for the championship at 8:35 tonight are astonishing Creighton Prep and Scottsbluff.

Scottsbluff came in from the western border and shocked an afternoon crowd of 8,500 with an 53-47 defeat of Tech.

Eleven thousand packed the Coliseum at night and watched scrappy Creighton Prep assail undefeated Lincoln and send the Links crashing into defeat, 47-42.

The Junior Jays from Omaha, five times beaten this season and in the state tournament on an upset victory in the Omaha district, hit the smooth Links early and relaxed only when the gun stopped their fourth-quarter stall after 32 frantic minutes.

Prep trailed only once, that late in the third quarter when Lincoln's Marty Koolen cracked in a short jump shot for a 34-33 lead. The Lincoln stands exploded in anticipation of a sudden break-away by their sharp Links who had barreled through 17 opponents without defeat the past winter.

Prep Makes Break Instead it was Prep which made the break. The Jays did not explode, but they sprinted ahead on a slick hook shot by the unheralded 6-5 center, Dick Harvey. Slender Harvey went up for a successful follow shot 10 seconds later, and the Links were slipping at 34-38.

It was 39-34 before tall Al Graves tipped in a field goal and canned a free throw. The Links were coming back, and Denny Curtin did his share with a close shot for a 39-39 tie.

Then short Leo Von Tersch drove through like a halfback for a set shot for a 41-39 quarter lead which Lincoln never destroyed.

#### Slow Last Quarter

The final quarter was slow. No one scored until Harvey drove in for a successful shot at 3:45. Von Tersch dropped a free throw a moment later and Prep started a stall with a 44-39 lead.

Floor-leader Bob Varley cracked the Links for a layup at 1:36 and it was almost over. Graves made two free throws and Koolen one, but Paul Manhart hit a free throw and the Jays were in the finals.

Prep's pressing defensive forwards, Varley and Von Tersch, never let up on the Links' guards. Around the post, 6-8 Graves was bottled through the first, third and fourth periods by Harvey and Manhart.

Big Al broke through the Jays for five field goals in the second period to lead the Red and Black to a comeback 30-30 tie after Prep had led at the quarter, 18-10.

Varley's three jump shots and slim Phil Gradoville's two baskets led the Omahans to that first period lead. They hit Lincoln almost before the opening whistle had died in the jammed Coliseum.

#### Curtin Out

Curtin, a fine player for Lincoln until he fouled out with seven minutes left, got a couple good shots to keep the Links close. Graves carried the point load in the second period while Prep faded slightly before the Capital City assault.

There was little scoring in the last half. Lincoln got two shots from Koolen, one from Graves and one from Curtin. The rest were free throws.

Prep never allowed Graves to swing loosely with that devastating hook shot which established a scoring record last March when he wrecked Boys Town on the same floor with 40 points.

Harvey's rebounding and his close hook shots were the big weapons for the Junior Jays. Gradoville canned three jump shots and Varley hit four times from the field.

Curtin scored 12 points and Koolen nine to support Graves' 15-point night.

| Creighton Prep (47) | Lincoln (42) |
|---------------------|--------------|
| Von Tersch 2        | 3            |
| Manhart 2           | 5            |

| Harvey 6            | 4            |
| Gradoville 3        | 3            |
| Varley 4            | 0            |
| Totals 17           | 15           |

Score by quarters: Scottsbluff 13 15 16 13-53; Omaha Tech 16 10 19 16-47

The Scottsbluff win over Tech was a drama before 9,500 fans who expected to see the Omahans triumph behind their heralded 6-6 center, Bob Boozer.

The big guy scored 19 points for the Maroons, but on the boards he was badly beaten by the high-leaping and tireless westerners who never stopped fighting and wound up with a victory reminiscent of their drive to a surprise state championship three years ago.

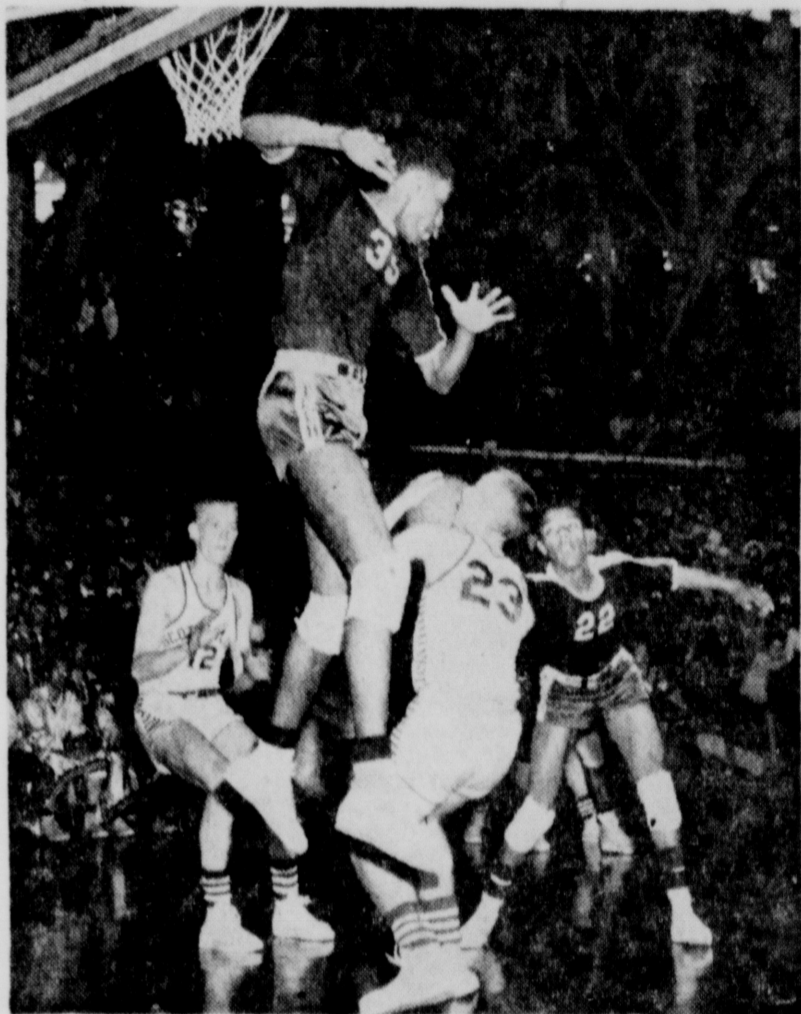

#### Tired at Half

The first game of AA play saw the two teams from extreme ends of the state fight to a 28-28 half after Tech had led at the quarter by 16-14.

The Omahans clicked for a five-point lead in the third period but Scottsbluff battled fiercely for a 42-39 lead heading into the last quarter.

Scottsbluff stretched that advantage to seven points late in the period and stalled out the late minutes.

Boozer dropped and hooked six field goals and canned seven free throws, but he could not handle the Bearcats on either the offensive or defensive board. Scottsbluff sent up not-too-tall Ron Anderson, Bob Rupp, Jerry Winkler

Boozer's High In The Air

Omaha Tech's big Bob Boozer goes high in an attempt to block a shot by Scottsbluff's Jerry Winkler (23) in Class AA action at the state cage tourney Friday. Ready to take a pass from his

team mate is Scottsbluff's Ron Anderson (12) while Tech's Jim Smith (22) reaches for the ball. Scottsbluff upset Tech in the opener, 53-47. (Star Photo.)

## Fitzgerald's Selections

Bill Fitzgerald, rating expert for The Star, had a perfect 4-0 record going into Friday's games in the state tournament. But upsets and two bad choices on Friday's tilts gave him a six-right, four-wrong record going into the finals. His selections for today:

- AA — Creighton Prep over Scottsbluff.
- A—Omaha Holy Name over Ogallala.
- B—Minden over Chappell.
- C — Clarkson over Chadron Prep.
- D—Western over Dwight Assumption.
- E—Holstein over Edison.

## Colorado Tips Tulsa By 69-59

By JERRY LISKA

MANHATTAN, Kan. (AP)—Lanky Burdette Halderson's 28 points paced Big Seven champion Colorado to a 69-59 triumph over Tulsa after underdog Bradley gained the NCAA regional finals here with an 81-79 shading of Southern Methodist.

Bradley and Colorado meet tonight for a berth in the NCAA semifinals at Kansas City the following weekend.

Colorado, a three-point favorite over Tulsa, finally broke the game with the Missouri Valley Conference co-champions wide open in the closing five minutes.

Up to that point, Tulsa, led by Bob Patterson's 21 markers, had tied the game 8 times and the lead had switched 12 times.

Colorado, entering the game with a 16-5 record and a 15th ranking in the Associated Press poll, moved ahead for keeps at 51-49. It was then that the 6-7 Halderson began showing his class.

He hooked in three baskets and added a free throw for 7 straight points which moved Colorado ahead 61-53.

# Bill Terry Will Take Right Job

By JOE REICHLER

T A M P A, Fla. (P) — Hall of Famer Bill Terry, who steadfastly has turned down opportunities to pilot major league clubs since quitting the New York Giants in 1942, indicated Friday he would accept a managerial offer, if the right one came along.

A wealthy man, Terry today is semi-retired and living in Jacksonville where he bosses a million- and a half dollar automobile agency business. He recently returned to baseball after a 13-year self-proclaimed exile to become president of the South Atlantic League. A great first baseman, Terry managed the Giants nine seasons, won three pennants and one world championship.

## Welcome Return

Now 56 and gray at the temples although he looks almost as fit as when he batted 401 in 1930, Terry admits he is genuinely delighted with his baseball affiliation.

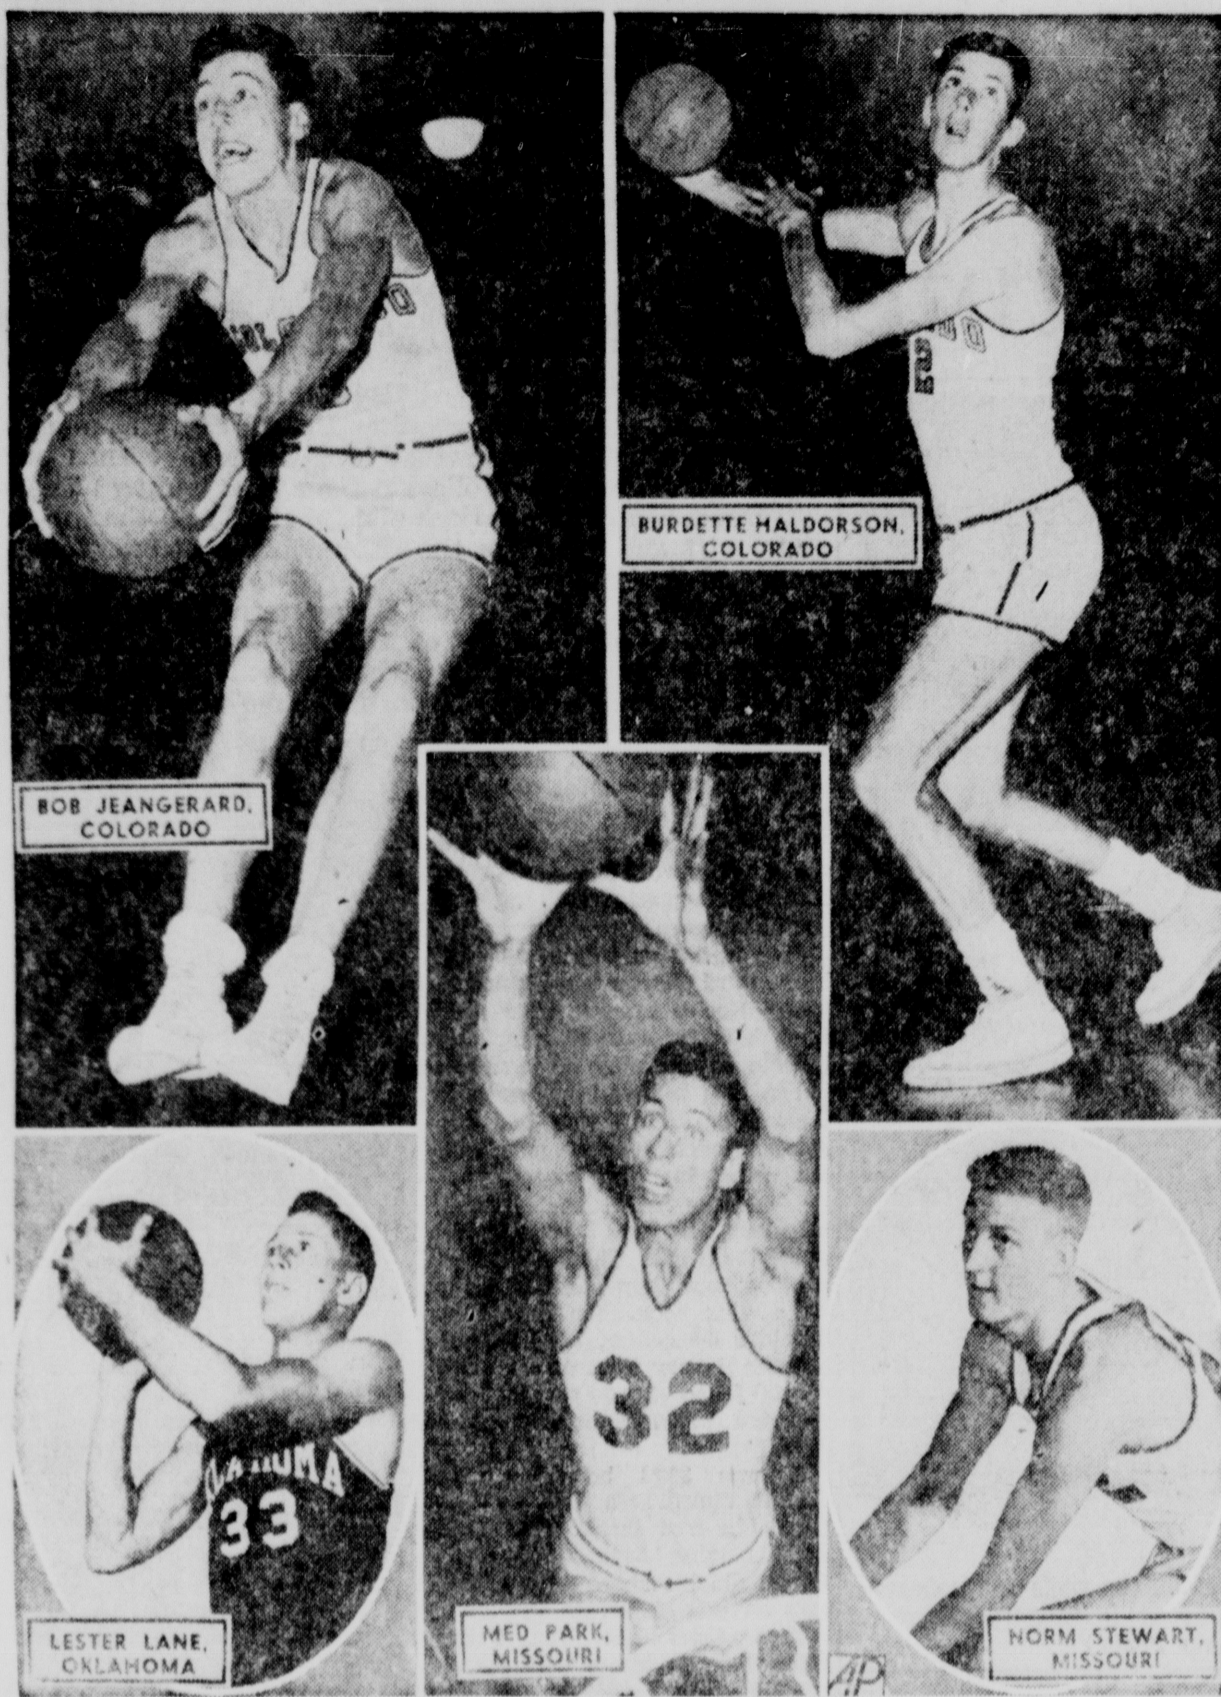

"I'm enjoying myself tremendously," Big Bill smiled happily. "The first thing I did was move the league headquarters from Columbia, S.C., to my own offices in Jacksonville. The next thing I did was raise all the umpires' salaries. Then I visited each city in the league, met all the managers and discussed plans for 1955. We're going to have a good league and we're going to play all games under two hours."

Did his decision to return to baseball mean he was ready to accept a major league manager's job if one were offered?

## Several Offers

"I believe I'd give it a great deal of thought—if the right one came along," he replied. "I've had several good offers since my retirement including a couple to manage the Brooklyn Dodgers, but up to now I have been able to resist the temptation to return."

"Walter O'Malley, a fine gentleman and a good friend of mine, offered me the Brooklyn job back in 1951. I told him I would consider it for a salary of \$125,000 a year. Of course I knew he couldn't possibly pay it but that just shows that I wasn't really interested."

## Big Seven Basketball All Stars

The 1955 Big Seven All Star basketball team was announced Friday. It was selected by an Associated Press poll of coaches, officials and sports writers. At

the top (left to right) are Bob Jeangerard and Burdette Maldorson of the conference champion Colorado Buffaloes. At the bot-

tom (left to right) are Lester Lane of Oklahoma, Medford Park and Norman Stewart, both of Missouri. (AP Photos).

## Big Jim Konstanty Still Looks Well-Fed

By WHITNEY MARTIN

ST. PETERSBURG, Fla. (P) — A first glance the Yankee locker room at Miller Ruggins' field looked like a snack bar.

It was noon, and a long, knee-high table down the center between the rows of lockers was laden with

slabs of ham, and cheese, and bread, and other items of interest to anyone with an appetite, and particularly ball players, who can eat at the drop of a fly ball.

A big guy sat on a bench half way down the room, looking well fed and comfortable and with an

amiable expression on his roundish face, and although you had seen him often in the spring before, you had never seen Jim Konstanty in this setting.

## 28-And A Yankee

It always had been in the Phillies locker room at Clearwater, but here he was, 33 years old and a Yankee, and with all the hopes and ambitions of a youngsters just up for a look-see.

"I'm feeling great, great," he enthused. "For the first time in years my friend said I was ready."

We didn't need to ask the friend's identity. He would be the undertaker who works all winter long with the "nothing ball" expert in a gymnasium at Worcester, N.Y., catching Jim's pitches by the hour.

"I still think he's good for me," Konstanty continued. "He can tell just what's wrong with my delivery. I rely chiefly on a changeup, with an occasional slider and fast ball."

## Fast Ball?

"You have a fast ball?"

"No, it's not fast. Just fast in comparison with the other two pitches. I use the same delivery for all of them. I don't really throw a palm ball. I hold it like this."

He held a ball with the tips of two fingers on top, the thumb underneath, and a third finger stretched out at the side. It was something of a clawlike arrangement.

"This way the ball spins," he explained. "It doesn't float up there dead. Now Carl Erslie has a slow ball, but it's too slow. He uses it in tight spots. The Cardinals got onto it, and would double hit him. That is, they'd have time to alter their swings and sock the ball."

## Throwing Since '42

Konstanty has been pitching "nothing balls" since 1942, when he was with Syracuse. "They had fellows such as Ewell Blackwell and Ben Wade and Nate Andrews and Fed Barrett who really could throw hard," he says, "so I figured I'd better develop something else to fool the batters."

His big year was 1950 when the Phillies won the pennant. He had a 16-7 record, mostly in relief. That winter he decided he should throw more fast balls, or what passes for fast balls with him, and in doing so he lost his touch for the soft stuff.

"I started to get it back Aug. 20, 1954," he said. "That's when I came to the Yankees. Jim Turner, the pitching coach, was good to me. He didn't tell me to do this or do that. He just let me alone to work out my own problem."

"Now I think I'm ready to go." How far he will go remains to be seen, but if he's as good as he was in 1950, and as he thinks he is, he'll be quite an asset in the Yankee bullpen.

## Abe Stuber Joins Philadelphia Staff

PHILADELPHIA (P) — Emmett Abe Stuber, backfield coach at the University of Washington, Friday was named to the same position with the Philadelphia Eagles of the National Football League.

Stuber, who coached Iowa State for seven years, was selected by Head Coach Jim Trimble of the Eagles to complete the pro club's five man staff. Trimble selected Stuber after interviewing more than 25 candidates. Stuber will replace Vic Lindsag who resigned.

## Bob Webb Quits Albion High Post

Bob G. Webb, coach at Albion High School, has resigned his position, G. L. Sims, superintendent of schools has announced.

The resignation will be effective at the end of the school year. Webb has indicated he will leave the coaching ranks.

## Phillies Tip White Sox 4-3 On Morgan's Double

CLEARWATER, Fla. (P) — Bobby Morgan doubled home Jim Westlake to give the Philadelphia Phillies a 4-3 victory over the Chicago White Sox here Friday in an exhibition baseball game.

The Westlake-Morgan combination teamed up in the sixth inning to make a winning pitcher of rookie Ron Mrozinski, a little left-hander. It was the second straight training camp win for the Phillies over an American League rival. The National Leaguers opened Thursday with a victory over Detroit.

The veteran Murry Dickson worked the first three innings for the Phillies, allowing two runs. Rookie Johnny Golich and Nellie Fox scored for the Sox. Mrozinski pitched the middle three frames and rookie Dick Farrell finished up.

The Sox threatened in the ninth on a single by Walt Dropo and a triple by Jim Bredeweser. However, Farrell got Sherman Lollar on a grounder for the final out.

Chicago (A) 002 000 001—3 6 2  
Philadelphia (N) 000 004 005—4 5 1  
Consuegra, Chakales (5), Dorish (7) and Lollar; Dickson, Mrozinski (4), Farrell (7) and Burgess, Lopata (7), W-Mrozinski, L-Chakales.

## Cards Beat Yanks For Second Time

ST. PETERSBURG (P) — The St. Louis Cardinals won their second straight exhibition baseball game from the New York Yankees Friday, 3-1, although they got only three safeties.

After being held scoreless by 21-year-old John Kucks in the first three innings, the Cards scored a run on rookie Steve Kraly in the fifth and two more off Wally Burnette in the seventh.

Kraly didn't permit a hit but gave up a run on a sacrifice fly, two walks and a hit batsman. In the seventh, off Burnette, Dick Rand singled and after two walks, scored on a sacrifice fly. Tom Burgess scored Joe Frazier with a single.

St. Louis (N) 000 010 200—3 3 2  
New York (A) 000 000 001—1 9 1  
Jones, Ponosky (4), Tjienauer (7) and Baltimore (A) 000 200 010—2 8 2  
Burnette (7), Konstanty (8) and Berra, Silvera (9).

## Reds Beat Orioles

DAYTONA BEACH, Fla. (P) — Cincinnati's Redlegs blasted rookie fireballer Ryne Duren for three runs in the seventh inning to break a tied exhibition ball game and beat the Baltimore Orioles 7-5 Friday.

A homer by Bob Borkowski with one on in the second and another circuit blow by Ted Kluszewski in the fifth had given the National Leaguers their three runs.

Cincinnati (N) 000 001 301—2 8 1  
Baltimore (A) 000 200 010—2 8 2  
Pearse, Dean (4), Podbielniak (7), Lane (7) and Bailey, Held, Harrison (4), Duren (7) and Batts, W.—Dean, L.—Duren.  
Home runs—Cincinnati, Borkowski, Kluszewski.

## Same Old Story—Giants Tip Tribe

PHOENIX (P) — The New York Giants, opening their spring exhibition campaign, met the Cleveland Indians Friday for the first time since the World Series and it was the same old story. The Giants, who swept the series in four straight games, won again, 3-3, before a standing-room-only crowd of 6,263 in sunny, 75-degree weather.

Home runs by Willie Mays and rookie outfielder Eric Rodin powered the Giants to victory.

## Grapefruit League Results Friday

New York (A) vs. Boston (A) at Sarasota, Fla.

## Iowa Tackles Big Marquette

By CHARLES CHAMBERLAIN  
EVANSTON, Ill. (P) — Deacon Davis and Gil Cain combined for 40 points Friday night to lead Iowa's fancy ball-handling Big Ten champions to an easy 82-53 victory over Penn State and into the NCAA Regional finals against Marquette. Marquette's well-poised team edged out Kentucky, the nation's second ranking team, 79-71 in a torrid, lead-changing opener of the No. 2 Regional tournament before a capacity 9,500 fans in Northwestern's McGraw Memorial Hall.

Iowa and Marquette will meet tonight with the winner advancing to the NCAA finals at Kansas City next weekend.

Penn State and Kentucky square off for consolation honors in the first game here tonight.

## Ryff Punches Out Easy Win

NEW YORK (P) — Unbeaten Frankie Ryff made a scarlet smear of Danny Jo Perez' face Friday night to win his 17th straight with a unanimous 10-round decision over his New York rival at Madison Square Garden. Ryff, regarded as one of the best lightweight prospects in years, weighed 140, Perez 139½.

Ryff opened a cut over Perez's left eye in the first round. His handers were not able to stop the blood and Danny's face was smeared with red the rest of the way.

Ryff, the 1954 Rookie of the year, simply had too much class for Perez and it was reflected in the voting of the officials.

Both Judges Harold Barnes and Referee Ruby Goldstein gave it to Ryff, 9-1. Judge Artie Aidala called it 8-1-1. The Associated Press saw it as 9-1.

## Bowling Results

Capital City Men's League  
Capital Printing beat The Camera Store.  
Gibson Products beat Wentz Plumbing, 2-1.  
McKinney Construction Co. beat Ben's Auto Parts, 2-1.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

(Distributed by International News Service)

With San Francisco and Chicago running the political wordoes we are in for a big beef.

Realize it will be the Cow Palace against the Stockyards?

How are they going to take the vote of the salable proxies? Will they rap for order on heads instead of desks?

Will the result of the 11th ballot be: "Two hundred head for Spiz-zie & Co."?

How about the Veepee? A good steady steer, of course. But will he be a canner or a cutter?

San Francisco is one of the finest convention towns in the world.

These conventions will be the important livestock markets of 1956. Winner gets the blue ribbon. And along about August my old pal Amos Carter will send me a fat steak whose taste will look familiar.

Here's How To Work It

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

## Cowman's Desire To Sell Beef Aimed At Teenagers

OMAHA (AP)—Someone else has his eye on the nation's teenagers. It's the cowman looking for anyone he can sell on the idea of eating more beef.

Teenagers look like a good target, said the president of the American Cattlemen's Assn.

"It is shocking to hear reports of rejections for Selective Service—or to learn American boys and girls fell far short of European children in physical tests," Jay Taylor said in a speech at the Seventh annual National Pasture-Livestock-Forage Conference here.

"Let's Eat It"

"And it is heart-rending to learn from various studies that only

## Nebraska Blizzard Victim Loses Foot

DENVER (AP)—John Edmundson, 35, of Cement, Okla., was reported in fairly satisfactory condition after undergoing amputation of one foot at Veterans Hospital.

Doctors said other surgery may be necessary, but this will depend on how well Edmundson responds from the initial operation. His hands and feet were frozen when he was caught in a Nebraska blizzard last month after leaving his stalled automobile near Potter.

## Notice of Sale of Oil And Gas Lease

Notice is hereby given that the Board of Educational Lands and Funds of the State of Nebraska will offer for sale at public auction to be held at the office of said Board in the State Capitol Building on the 20th day of March, 1955, at 10 o'clock a.m., an oil and gas lease covering the following described lands situated in Box Bluff County, Nebraska, town:

All of Section 16, Township 20 North, Range 40 West.

Such lease will be sold in accordance with and subject to the provisions of Legislative Bill No. 415, passed by the Nebraska State Legislature at its 56th (1943) Session, to the highest and best bidder, subject to the right of the Board to reject any and all bids.

BOARD OF EDUCATIONAL LANDS AND FUNDS.  
By Robert D. Hiatt, Secretary.

## Notice to Bidders

Sealed bids will be received at the office of the Board of Control, State Capitol, Lincoln 9, Nebraska, on March 16, 1955, until 10:30 o'clock a.m., and at that time publicly opened and read for furnishing paper for the period of April, May, June, 1955. All requirements pertaining to purchase as set forth by NEBRASKA LAW and all rulings of procedure as established by order of the Board of Control, are a part of the Notice to Bidders. Specifications, Proposal Blanks and information may be secured at the office of the Board of Control, State Capitol, Lincoln 9, Nebraska.

BOARD OF CONTROL.  
W. H. Diers, Chairman.

## Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, March 23, 1955, for the construction of the storm sewer in Storm Sewer Project No. 31-31-55, being in Woodside Boulevard from Cedar Avenue to 27th Street, and in 27th Street from Woodside Boulevard to High Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this storm sewer is \$32,000.00. Each proposal must be accompanied by a certified check for \$1,000.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

## Notice to Bidders

Sealed bids will be received at the office of the Board of Control, State Capitol, Lincoln 9, Nebraska, on March 18, 1955, until 10:30 o'clock a.m., and at that time publicly opened and read for furnishing paper for the period of April 1 to October 1, 1955. All requirements pertaining to purchase as set forth by NEBRASKA LAW and all rulings of procedure as established by order of the Board of Control, are a part of the Notice to Bidders. Specifications, Proposal Blanks and information may be secured at the office of the Board of Control, State Capitol, Lincoln 9, Nebraska.

BOARD OF CONTROL.  
W. H. Diers, Chairman.

## Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, March 16, 1955, for the construction of the Water Feeder

Main from 50th and Colby Streets to 63rd and Lehigh Avenue, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

The City Engineer's estimate of the cost of this water feeder main is \$42,000.00. Each proposal must be accompanied by a certified check for \$2,000.00, made payable to Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all proposals and to waive any defect in proposals.

THEO. H. BERG, City Clerk.

## Notice to Contractors

Sealed proposals will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to 10 o'clock a.m., Central Standard Time, Wednesday, March 16, 1955, for the construction of Storm Sewer Project No. 31-31-55, being in Cedar Avenue from 27th Street to High Street, in said City, according to the plans and specifications of the City Engineer on file in the office of the City Clerk.

Plans and specifications may be seen and blank proposals obtained in the office of the City Engineer.

## Notice to Dealers in 2 Ton Truck Chassis

Sealed bids will be received at the office of the City Clerk of the City of Lincoln, Nebraska, up to 10:00 o'clock a.m., Central Standard Time, Wednesday, March 23, 1955, for furnishing one two (2) ton truck chassis for use of the Street Department, in accordance with specifications for same on file in the office of the City Clerk.

Copies of the specifications may be obtained in the office of the City Engineer.

The City Engineer's estimate of cost of furnishing these pumps is \$5,000.00, f.o.b. Lincoln, Nebraska.

Each bid must be accompanied by a certified check in the sum of five (5) per cent (5%) of the total amount of the bid, made payable to the order of Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all bids, and to waive any defect in bids.

THEO. H. BERG, City Clerk.

## Notice to Dealers in Pumping Equipment

Sealed bids will be received by the City Council of the City of Lincoln, Nebraska, at the office of the City Clerk, up to the hour of 10:00 o'clock a.m., Wednesday, March 23, 1955, for furnishing two centrifugal pumps and motors for use at Pioneers Park, in accordance with specifications for same on file in the office of the City Clerk.

Copies of the specifications may be obtained in the office of the City Engineer.

The City Engineer's estimate of cost of furnishing these pumps is \$5,000.00, f.o.b. Lincoln, Nebraska.

Each bid must be accompanied by a certified check in the sum of five (5) per cent (5%) of the total amount of the bid, made payable to the order of Frank J. Miller, City Treasurer, as a guarantee of good faith.

The City reserves the right to reject any or all bids, and to waive any defect in bids.

## "PEG" BRAND PICKLES

The pick of fine Pickles . . . now better than ever!

Kosher Dills  
Whole Sweet  
Candied Sweet Dill Sticks  
Home Style Sweet Sticks  
Pony Whole Dills  
Peg Whole Dills  
Whole Sweet Pickles

Sweet Pickle Relish  
Cider Vinegar  
White Vinegar  
Home Style Dill Sticks  
Sweet Pickles, Whole  
Candied Sweet Chips  
Sweet Chip Pickles

The "perfect hostess" will like serving pickle-garnished dishes, to avoid monotony. Pickles are popular, of piquant flavor and great party goers. For health reasons, in sauce, for picnics, as a garnish, as a snack, with stew and countless others, pickles add the right touch and flavor.

## Musselman's Pennsylvania Dutch FINE FOODS

While all the Pennsylvania Dutch are not "plain people" and do not wear picturesque dresses, bonnets, beards or broad brimmed hats, all—including those in modern dress—have kept their reputation for honesty, thriftiness, extreme cleanliness and a love of good food.

They eat well, and of good variety, and the women spend long hours in the preparation of meals that are, as the Dutch express it, "wonderful good."

### Dutch Potato Salad

|  |  |
|--|--|
| 6 frankfurters, cooked and cut in half inch slices | 1 medium sized onion, chopped                |
| 4 cups hot diced potatoes                          | 1 tablespoon parsley, chopped                |
| ½ cup celery, chopped                              | 1 tablespoon flour                           |
| 1½ teaspoons salt                                  | 2 tablespoons fat (bacon drippings are good) |
| 2 tablespoons sugar                                | ¼ cup vinegar                                |
| ¾ cup water  | ¼ teaspoon pepper                            |

Fry chopped onion in hot fat until light brown. Add flour and blend, browning flour lightly. Add sugar, salt, vinegar and water. Bring to a boil, stirring constantly. Pour dressing over the diced potatoes and sliced frankfurters. Sprinkle with pepper. Serve hot. Serves 8.

### Choose from Musselman's

GOLD'S FOOD BASKET FEATURES

## DEL MONTE FOOD PRODUCTS

### PINEAPPLE CHUNKS

Del Monte Pineapple Chunks are wedge-shaped sections of fruit about 1 in. wide and 1 in. long, cut from carefully chosen, field-ripened fruit. Its quality starts with pedigreed stock, famous for flavor and produced under constant supervision from planting on through harvesting.

### FRUIT COCKTAIL

A combination of five fruits—diced peaches, diced pears, pineapple tidbits, seedless grapes, and halved cherries. All are carefully selected, then combined in just the right proportion for balanced fruit cups, desserts, etc. Ready to serve.

### DEL MONTE PEACHES

Large, fully tree-ripened Del Monte Cling Peaches, carefully selected for their fine color, uniformity and delicious flavor.

### PINEAPPLE JUICE . . .

Natural, undiluted juice of selected, field-ripened pineapple. A good source of Vitamin C; contains tiamin and mineral salts.

## CUDAHY Meat Products

### BROWN GRAVY WITH SLICED PORK

Made from choice sliced pork cuts. Prepared in tasty pork gravy. Can be used similarly to Brown Gravy with Sliced Beef.

**FREE! FREE! FREE!**

**2** Boxes Cudahy Canned Meats **2**

Given away daily at Cudahy Booth for best limericks . . .

### BROWN GRAVY WITH SLICED BEEF

Only selected beef is used. Prepared in rich brown beef gravy. Use as a main dish or for hot beef sandwiches in the form of swiss steak.

### PURITAN CANNED HAM

Cured with that distinctive Cudahy Puritan flavor, sweet 'n tender. A size to fill the needs of every family.

### TANG... Ready-To-Serve

Made from 100% ... shoulder pork thoroughly fattened, cured, chopped and seasoned. Cooked to retain all the natural flavor. 12 ounce tins.

# GOLD'S Food Show

## WHEAT GERM GIVES BETTER MEALS AT LOW COST

A few cents worth of Kretschmer Wheat Germ adds delicious flavor and enriches meals with vital nutrients needed every day for good health. When you add Wheat Germ to your everyday foods—cereals, meat loaf, casseroles and cookies—you're adding thiamine, the important B1 vitamin that helps release energy, combats tiredness and irritability. Wheat Germ also enriches family meals with good amounts of protein, helps build sturdy bodies and good resistance.

Kretschmer Wheat Germ is Accepted by the Council on  
Foods and Nutrition of the American Medical Association

### JUST 1 OZ. MAKES A BETTER BREAKFAST

Give your family any cereal they like—but always add a few tablespoons of Kretschmer Wheat Germ. It's such an easy, dependable way to start every day with a good supply of protective nutrients. Add Kretschmer's to other meals, too—make it a daily health habit.

#### QUICK NUT BREAD

2 cups prepared biscuit mix  
¾ cup sugar  
1 cup finely chopped nuts  
1 cup Kretschmer Wheat Germ  
1 cup beaten egg  
1 cup milk  
¼ teaspoon salt

Combine biscuit mix, sugar, nuts and Wheat Germ. Add beaten egg to milk and stir in dry ingredients. Mix until just blended. Pour mixture into greased 9x5x3" loaf pan. Bake in a moderate oven (350°) 1 hour. Cool on rack; wrap in waxed paper and store overnight before slicing.

#### ENRICHED HAM LOAF

2½ cup soft bread crumbs  
2½ cup Kretschmer Wheat Germ  
1¼ cups milk  
¾ teaspoon salt  
1 egg  
¾ pound ground raw ham  
¾ pound ground veal

Combine bread crumbs, Wheat Germ, milk and salt. Let stand 10 minutes. Stir until smooth; beat in egg. Add mixture to ham and veal. Blend thoroughly. Pack into 4x8" loaf pan. Bake in moderate oven (350°) 1 hour. Make 8 servings. Delicious sliced cold, for sandwiches.

## FAIRMONT Cottage Cheese

It's delicious and nutrition-rich, yet low in cost and calories. Hearty appetites and high-protein, low-cost cottage cheese go together. Creamy and rich-tasting, but low in calories, it's good so many ways . . . as an appetizer, salad, main dish or dessert.

### FAIRMONT'S

#### Old Fashioned Small Curd Cottage Cheese

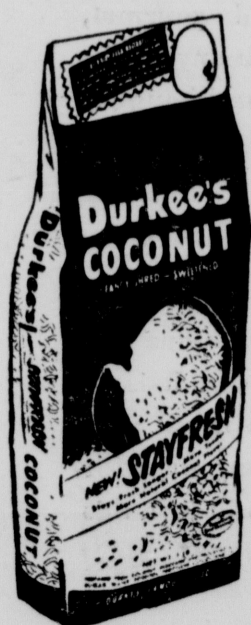

Here's a real taste treat, with a mild, country-fresh flavor. Old fashioned goodness you're sure to like.

#### Cottage Cheese Relish Tray

Fairmont Cottage Cheese  
Radish Roses  
Stuffed Olives  
Ripe Olives

Carrot Sticks  
Celery Hearts  
Baby Green Onions  
Assorted Crackers

Heap cottage cheese in the center of a cheese tray and arrange combinations of vegetables and assorted crackers around it. A simple, quick—but appetizing and delicious relish tray. Serve it often for those quick buffets, every one will love it. Good for lunch or dinner—can take the place of a salad anytime!

## New! Richer Flavor! DURKEE'S

**HOMOGENIZED**

## MARGARINE

- New Durkee's Homogenized Margarine has the smoother, richer flavor you get only with homogenized foods.
- Durkee's Homogenized Margarine is kept fresh in the bright and attractive stay-fresh aluminum foil package.
- Durkee's Margarine has the distinctive and handy snap-open package which dispenses one 1/4# stick at a time.
- Each 1/2# print of Durkee's Homogenized Margarine is wrapped in the new 'Sweet-Wrap' All-Vegetable Parchment.
- Each 1/2# print of new Durkee's Margarine is conveniently measured for exactness in recipe use.
- Durkee's Homogenized Margarine spreads smoothly even when cold.
- New Durkee's Margarine is ideal for cooking and frying too, because it's so digestible and doesn't spatter.

## Gaymont's French Type CREAM CHEESE

So heavenly light in texture  
you can dip it out with a  
cracker or potato chips!

### RECIPE

#### Puffed Canape d'Paree

Blend 1 package Gaymont's French type Cream Cheese with 2 tablespoons mayonnaise add 1 table-spoon minced onion, chives or other green herb. (2 tablespoons chopped nut meats can be added). Spread this 1/4 inch thick on salted crackers. Brown them quickly under a broiler just before serving.

Gaymont's new French type cream cheese is the sensational discovery of the famous dairy scientist and gourmet, Stephen Gaymont. It is deliciously different from any cream cheese you have ever tasted. It combines the natural bouquet of the country fresh sweet cream and the unique French cheese culture with which it is made.

### ENJOY ITS FRESH NATURAL FLAVOR!

Gaymont's new French type cream cheese is so luscious that you will never forget its delightful natural flavor. It is so fluffy-fresh and heavenly light that you can dip it out with a cracker or a potato chip. Use it in ever so many ways for sandwiches, hors d'oeuvres and snacks . . . you will love this amazing, new taste sensation discovery. Try it soon!

## Win Valuable Awards! Enter Gold's Big "THE FAVORITE RECIPE OF THE MAN IN MY LIFE" BAKING CONTEST

Get your entry blank at the Swift & Co.  
or Mother's Best Flour booth at GOLD'S Food Show

### Here are the rules:

1. Entry blanks may be obtained at GOLD'S FOOD SHOW or after March 19th in the Food Basket.
2. Lower part of entry blank must be deposited in the entry box in Gold's Food Basket before 5:30 p.m. April 4th.
3. The contest will include two types of baked products: (A) Fruit Pies (B) Coffee Cakes or Sweet Breakfast Rolls. All containers or pans will become the property of the contest and will not be returned. All baked products must be home made using Mother's Best Flour and Swiftning.
4. Attach firmly to the upper part of the entry blank the label from the 1 lb. or 3 lb. tin of Swiftning and the name identification from a bag of Mother's Best Flour. Bring the entry blank with your baked product to GOLD'S auditorium on Thursday, April 7th between 10 a.m. and 2 p.m. You may enter as many baked products as you wish but each must be accompanied by an entry blank.
5. All baked products and recipes become the property of the GOLD BAKING CONTEST. Following the contest all baked products will be donated to charitable institutions.
6. Baked products will be judged by a panel of prominent men on the basis of flavor, appearance, originality and general appeal.
7. The 6 best fruit pie and 6 best coffee cake entries will be announced Thursday, April 7th. These 12 contestants will prepare their recipes without assistance on Thursday, April 14th, 1955 in Gold's auditorium, 4th floor using Frigidaire Electric Ranges. Times for preparing and baking will be assigned to each. Judges will be present. All of the 12 finalists will receive an award.
8. Anyone may enter except employees (or their immediate families) of GOLD'S, Nebraska Consolidated Mills, Swift & Co. and practicing bakers and professional home economists.
